ASSIGNMENT OF PATENTS

This Assignment is effective this 10th day of June, 2011, from Ali Afshari ("Assignor"), an individual resident of the State of California, to Edmund Optics, Inc. ("Assignee"), a New Jersey corporation.

WHEREAS, Assignor is the owner of the inventions which are the subject of the United States patents identified in **Schedule A** attached hereto and made a part hereof (collectively the "Patent Rights"); and

WHEREAS, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the Patent Rights and the goodwill associated with the same pursuant to the terms and conditions set forth in that certain Asset Purchase Agreement by and among Assignor, Assignee and AF Optical, Inc., a California corporation (the "Purchase Agreement").

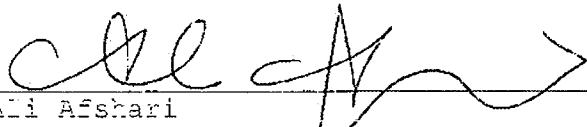

NOW, THEREFORE, in consideration of the sum of Twenty Five Thousand Dollars (\$25,000.00) and for other good and valuable consideration, including, without limitation such consideration as set forth in the Purchase Agreement, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign and transfer unto Assignee all of Assignor's right, title and interest in and to the Patent Rights and any reissues, extensions, divisions, continuations, continued prosecutions, and substitutes thereof, and any patents issuing therefrom, both domestic and foreign, together with the right to recover for past, present and future infringements of same.

Assignor agrees, whenever requested to do so by Assignee, without charge to Assignee, but at its expense, to execute, acknowledge and deliver any documents, and render all assistance such as giving testimony in support of a particular invention, which Assignee deems necessary or proper for the purposes of obtaining, defending, enforcing and perfecting Assignee's title to the Patent Rights or other rights therefore and reissues, renewals, continuations, divisions, or extensions of such rights, both domestic and foreign. Assignee agrees that it will pay for reasonable out-of-pocket costs and expenses incurred by Assignor in complying with the foregoing obligations, but in no event shall Assignor be entitled to receive any consideration (other than the consideration set forth in the immediately preceding paragraph) for complying with such obligations.

This instrument shall be binding on Assignor and its successors and assigns and shall inure to the benefit of Assignee and its successors and assigns.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed by its duly authorized representative.

ABSTRACT

An optical bench system that provides a plurality of optical components that may be assembled so as to construct a multiplicity of optical instruments in many varied configurations. Varied, non-rectangular optical mounting plates facilitate manipulation of the optical axis in a given system so as to reach a desired resulting optical instrument. Structural members provide stability and facilitate connectability.
