Assignment of "Convertible Headset Ring For Wireless Communication"  
by J. Thiel and R. Wells  
to Hybra Advance Technology Inc.

**ASSIGNMENT OF PATENT APPLICATION BY INVENTORS**

Whereas we, undersigned inventors (hereafter "INVENTORS"), have invented certain new and useful improvements as set forth in the U.S. Patent Application No. 12/425,164 filed April 16, 2009 and entitled "Convertible Headset Ring For Wireless Communication" (hereafter "Application"),

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we hereby:

(a) Sell, assign and transfer to Hybra Advance Technology Inc., a Michigan corporation with a registered office address of 147 E. Ninth St. #1, Traverse City, Michigan (hereafter "ASSIGNEE"), (1) the entire right, title and interest, domestic and foreign, and any and all revenues and rights to revenue, for any purpose, associated with commercialization, everywhere in the world, to (A) any and all inventions and discoveries described and/or claimed in the Application, (B) the Application, (C) all patents that may be granted on the Application, (D) all patent applications or patents which may claim priority of (or serve as the basis for a priority claim by) the Application, including but not limited to continuations, divisions, continuations-in-part, substitutes, renewals, reissues, reexaminations or extensions thereof, (E) all priority rights and counterpart applications under existing or future international patent conventions, agreements or treaties, including the right of said ASSIGNEE, its successors, assigns or other legal representatives to make applications and receive Patents (and their equivalents) for said inventions and discoveries in any and all foreign countries in its own name, or in our names, at its election, and we hereby assign, sell and set over to said ASSIGNEE, its successors, assigns or other legal representatives, all rights of priority in and to said inventions and discoveries in all countries, and; (2) the right to sue third parties for patent infringement (including but not limited to damages) accruing based on activities occurring prior to the execution date hereof.

(b) Authorize and request the Commissioner of Patents to issue any and all United States Patents resulting from the present Application or any division, continuation, continuation-in-part, substitute, renewal, reexamination or reissue or extension thereof to ASSIGNEE.

(c) Agree to execute all papers and documents and, entirely at ASSIGNEE's expense, to communicate to ASSIGNEE any facts known to us respecting the inventions and discoveries, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, execute all papers deemed by ASSIGNEE to be necessary for recording this Assignment, including any Confirmatory Assignments, with the United States Patent and Trademark Office and any foreign patent offices, and generally perform any and all acts which are reasonably necessary and/or which said ASSIGNEE, its successors, assigns or other legal representatives may deem necessary to secure thereto the rights herein assigned, sold and transferred.
