Tom Deutschman

ASSIGNEES: Andre Arzumanyan
David Arzumanyan

TITLE: Transaction Data Capture Device and System

ATTORNEY DOCKET: 3036/103

APPLICATION NO.: 12/499,724

FILING DATE: July 8, 2009

Assignor is a joint inventor of a certain new and useful invention (the "Invention") described in a United States patent application (the "Application") bearing the above attorney docket number and having the above title. If a filing date and application number are shown, the Application has a Patent and Trademark Office filing date and application number as indicated above.

For valuable consideration, receipt of which is acknowledged, each Assignor hereby assigns to Assignees (which term shall include Assignees' successors and assigns), all of Assignor's right, title and interest in the Invention, all improvements therein, the Application and all priority rights arising therefrom, and any patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Application; any application that claims priority from the Application (including as a divisional, continuation-in-whole or continuation-in-part, or as an application claiming priority from a provisional application); or any application based in whole or in part on any of the foregoing.

Each Assignor further agrees that such Assignor and Assignor's heirs and legal representatives will, without further consideration, cooperate with Assignees in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues and extensions therefor, and instruments of assignment and transfer thereof, and will communicate any facts

known to Assignor relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignees. Each Assignor further agrees that such Assignor will, without further compensation to Assignor during the term of such Assignor's employment by Assignees and thereafter for reasonable compensation as determined by Assignees, perform such other acts as may be reasonably required when requested by Assignees, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignees. In the event Assignee is not in a position to incur costs up front for later reimbursement, (ie poor credit, lack of liquid funds etc) , Assignor shall advance all reasonable expenses to be incurred by Assignee for the enforcement of patents.

IN WITNESS WHEREOF, each Assignor hereby executes this instrument on the date set forth below.
