ASSIGNMENT

THIS ASSIGNMENT (this "Assignment") is made and entered into as of this 15th day of June, 2005 ("Effective Date"), by and among Brechtbuhler Scales, Inc., an Ohio corporation ("ASSIGNEE"), and Suspension Technology, Inc., an Ohio corporation ("ASSIGNOR").

WHEREAS, Assignee and Assignor are parties to a certain credit agreement, dated as of February 7, 2003 (the "Agreement");

WHEREAS, Assignor has consented to surrender certain collateral pursuant to a Notice of Proposal to Accept Collateral, dated as of June 15, 2005 (the "Notice"); and

WHEREAS, pursuant to the Agreement and the Notice, Assignor wishes to assign to Assignee, and Assignee wishes to acquire from Assignor, all domestic and foreign patents, (the "Patents") including, without limitation, the United States patents set forth on Schedule A attached hereto, and all foreign counterparts thereto.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee its entire right, title and interest in and to the Patents for the United States and all foreign countries, including, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions or foreign equivalents thereof, and including the subject matter of all claims that may be obtained therefrom, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all income, royalties, damages or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Patents, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as assignee and owner of the Patents.

In addition to the applicable representations and warranties provided in the Agreement, Assignor represents and warrants that: (i) it has the full right and authority to execute this Assignment and to assign to Assignee the rights assigned herein; and (ii) has not executed, and will not, execute any agreement or other instrument in conflict herewith.

Assignor shall, at Assignee's expense, take all further actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits,

declarations, oaths, exhibits, assignments, powers of attorney or other documentation), reasonably requested by Assignee to more fully and effectively effectuate the purposes of this Assignment, including, without limitation with respect to (1) the preparation and prosecution of any applications relating to the rights assigned herein; (2) the prosecution or defense of any interference, opposition, reexamination, reissue, infringement, or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying as to any facts relating to the Patents or this Assignment; (3) obtaining any additional patent protection relating to the rights assigned herein that Assignee may deem appropriate which may be secured under the laws now or hereafter in effect in the United States or any foreign country; and (4) the implementation or perfection of this Agreement in all applicable jurisdictions throughout the world.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed by its duly authorized representative as of the Effective Date.

Suspension Technology, Inc.
