## ASSIGNMENT OF RIGHTS IN PATENT

### Assignor

Kimberly-Clark Worldwide, Inc.

### Principal Place of Business of Assignor

401 North Lake Street  
Neenah, Wisconsin 54956

### Assignees

Kimberly-Clark Worldwide, Inc.

### Principal Place of Business of Assignees

401 North Lake Street  
Neenah, Wisconsin 54956

University of South Florida  
(a Florida Non-Profit Corporation)

3802 Spectrum Blvd., Suite 100  
Tampa, FL 33612

WHEREAS, Kimberly-Clark Worldwide, Inc., the above-identified Assignor, is the owner of the following U.S. patent:

### Patent Number

### Title

### Issue Date

7,700,360

Optical Method and System to Determine Distribution  
of Lipid Particles in a Sample

April 20, 2010

Hereinafter referred to as the "patent";

And, whereas the Assignor desires to assign a 100% undivided interest in said patent to the above identified Assignees, and wherein said Assignees are desirous of acquiring the entire right, title and interest in the same;

Now, this indenture witnesseth, that for value received, the receipt and sufficiency whereof is hereby acknowledged;

Assignor hereby assigns, sells and transfers a 100% undivided interest in the entirety of the bundle of rights, title, and interest in and to said patent, unto said Assignees, together with all claims for damages and profits by reason of any past infringement of said letters patent and the right to sue therefor, and together with the right to file said patent or any conversion, non-provisional, division, continuation, or continuation-in-part thereof including in the US or any foreign jurisdiction under the Paris Convention or the Patent Cooperation Treaty, such interests, claims, and rights, to be held and enjoyed by the Assignees for their own use and for their successors and assigns, to the full end of the term for which a patent issuing from said patent may be granted, and any reissues, renewals, or extensions thereof as may be granted, as fully and

entirely as the same would have been held by Assignor had this Assignment and sale not been made;

And Assignor further agrees to execute all necessary and lawful future documents, including assignments in favor of Assignees, or their designees as Assignees or their Assignees may from time to time present to Assignor in order to perfect title in said patent;

And Assignor further covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this assignment and sale;

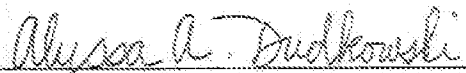

And Assignor further covenants that Assignees will, upon their request and expense, be provided promptly with all pertinent facts and documents relating to said patent as may be known and accessible to Assignor and Assignor will testify to the same in any interference or litigation related thereto and will promptly execute and deliver to Assignees or their legal representatives any and all papers, instruments, declarations, or affidavits required to apply for, obtain, maintain, and enforce said patent or patent issuing therefrom which may be necessary or desirable to carry out the purposes hereof;

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

Upon being duly cautioned, Assignor hereby declares that all statements made herein of its own knowledge are true and that all statements made on information and belief are believed to be true and further that false statements and the like so made are punishable by fine, imprisonment or both under Section 1001 of Title 18 of the United States Code, and that such willful, false statements may jeopardize the validity of the patent and any patent issuing therefrom.
