ASSIGNMENT

Docket No.: 30200-100637

Serial No.: _____

Filed: 12/07/2011

Jing Wang and Lei Guo hereinafter each the assignors, for good and valuable consideration, each hereby assigns equally to Tsinghua University, an entity of China, whose mailing address is Qinghuayuan, Haidian District, Beijing 100084, P. R. China, hereinafter the assignee, their respective successors and assigns, the entire right, title and interest in the invention or improvements disclosed in an application for Patent in the United States, identified as Case No. ~~100637~~ in the offices of Dennemeyer & Associates, LLC., 175 North Franklin Street, Suite 400, Chicago, Illinois 60606 and entitled **SEMICONDUCTOR STRUCTURE AND METHOD FOR FORMING THE SAME** and in any and all other applications, both United States and foreign, which the assignors or assignee may file, either solely or jointly with others, on said invention or improvements, and in any and all patents of the United States and foreign countries which may be obtained on any of said applications and in any reissue or extension of such patents.

Each assignor authorizes the law firm of Dennemeyer & Associates, LLC. to enter the Serial Number and filing date of said application for patent in the spaces provided above. Each assignor hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue said Patent to said assignees. Each assignor agrees that this Assignment can be executed individually in counterparts.

Each assignor warrants himself to be the owner of the entire right, title and interest in said invention or improvements and to have the right to make this assignment, and further warrants that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned.

For said considerations each assignor hereby agrees, upon the request and at the expense of said assignees either together or individually, their respective successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary declaration, oath, or affidavit relating thereto, and any application for the reissue or extension of any Patent that may be granted upon said application, and any and all applications and other documents for Patent in foreign countries on said invention or improvements that said assignee, its successors, or assigns may deem necessary or expedient, and for the said considerations the assignor further agrees, upon the request of said assignees, successors, or assigns, to cooperate to the best of the ability of each assignor with said assignees, successors, or assigns, in any proceedings or transactions involving such application or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain and enforce said Patent, both United States and foreign, and vest all rights therein hereby conveyed in the assignees, successors, and assigns, whereby said patent will be held and enjoyed by the said assignees, successors and assigns to the full end of the term for which said Patent will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
