CONFIRMATORY ASSIGNMENT

For good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, The Estate of Sicon Semiconductor AB, hereafter referred to as said Assignor, has sold, assigned and transferred to Zoran Sweden AB (former AB Coport 221), its successors, assigns and legal representatives, all hereinafter referred to as said Assignee, the entire right, title and interest for the United States and all foreign countries, in and to any and all inventions which are disclosed in United States Provisional Patent Application Serial No. 61/105,863, filed on October 16, 2008 and entitled ANALOG-TO-DIGITAL CONVERTER, and in and to said Provisional Patent Application and all non-provisional, divisional, continuing, substitute, renewal, reissue, reexamination, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on said any and all inventions, including PCT Application No. PCT/SE2009/051138, filed October 9, 2009 and entitled ANALOG-TO-DIGITAL CONVERTER which claims priority to said Provisional Application; and in and to all original, reissued, and reexamined patents which have been or shall be issued in the United States and all foreign countries on said any and all inventions including the right to apply for patent rights in each foreign country and all rights to priority; and further including any right to sue for past infringement.

Said Assignor has agreed that said Assignee may apply for and receive Letters Patent for said any and all inventions in its own name; and when requested, without charge to but at the expense of said Assignee, said Assignor has agreed to carry out in good faith the intent and purpose of this confirmatory assignment, by executing all divisional, continuing, substitute, renewal, reissue, and all other patent applications on said any and all inventions, by executing all rightful oaths, assignments, powers of attorney and other papers, by communicating to said Assignee all facts known to said Assignor relating to said any and all inventions and the history thereof, and generally by doing everything reasonably possible which said Assignee shall consider desirable for aiding in securing and maintaining proper patent protection for said any and all inventions and for vesting title to said any and all inventions and all applications for patents and all patents on said any and all inventions, in said Assignee.

Said Assignor requests the Honorable Commissioner of Patents and Trademarks to issue said Letters Patent to said Assignee; and Covenants with said Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by said Assignor and that full right to convey the same as herein expressed is possessed by said Assignor.

Said Assignee does hereby acknowledge and accept the above sale, assignment and transfer of all the rights, title and interest enumerated above, including but not limited to the right to priority and the right to sue for past infringement.
