ASSIGNMENT OF PATENT RIGHTS

WHEREAS, the undersigned, to wit, Medical Development International Ltd., Inc., a corporation duly organized and validly existing under the laws of Florida with a principal address of 822 Highway A1A North, Suite 310, Ponte Vedra Beach, Florida 32082 (hereinafter referred to as "ASSIGNOR"), is an assignee of applications for patents as identified herein:

X U.S. Application Serial No. 11/412,836, entitled "Method and System for Scheduling Tracking, Adjudicating Appointments and Claims in a Health Services Environment", filed April 28, 2006;

X U.S. Application Serial No. 11/449,722, entitled "Method and System for Adjudicating Claims in a Health Service Environment", filed June 9, 2006;

X U.S. Application Serial No. 11/449,724, entitled "Method and System for Adjudicating Claims in a Health Service Environment", filed June 9, 2006;

X U.S. Application Serial No. 11/725,491, entitled "Method and System for Tracking Treatment of Patients in a Health Services Environment", filed March 20, 2007; and

X U.S. Application Serial No. 11/979,528, entitled "System and method for accessing patient history information in a health services environment using a human body graphical user interface", filed November 5, 2007.

AND WHEREAS, MDI TECHNOLOGIES, INC., hereinafter referred to as "ASSIGNEE"), a corporation duly organized and validly existing under the laws of Florida with a principal address at 90 Fort Wade Road, Ponte Vedra, Florida 32081, is desirous of acquiring the entire right, title, and interest in and to the invention(s), and in and to the said application(s) and any Patent(s) that may issue thereon;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR hereby sells, assigns, and transfers to ASSIGNEE, its successors, assigns and legal representatives, the entire right, title and interest for all countries, in and to any and all inventions which are disclosed and claimed, and as possessed by the undersigned, any and all inventions which are disclosed but not claimed, in applications identified herein and in and to all divisional, continuation, continuation-in-part, substitute, renewal, reissue and all other applications for U.S. Letters Patent or other related property rights in any and all foreign countries which have been or shall be filed on any of said inventions disclosed in said applications; and in and to all original and reissued patents or related foreign documents which have been or shall be issued on said inventions;

ASSIGNOR further authorizes and requests the Commissioner of Patents of the United States to issue to said ASSIGNEE, the corporation above named, its successors,

assigns and legal representatives, in accordance with this assignment, any and all United States Letters Patent on said inventions or any of them disclosed in said applications;

ASSIGNOR further agrees that said ASSIGNEE may apply for and receive foreign Letters Patent or rights of any other kind for said inventions, or any of them; and may claim, in applications for said foreign Letters Patent or other rights, the priority of the patent applications identified herein under the provisions of the International Convention of 1883 and later modifications thereof, under the Patent Cooperation Treaty, under the European Patent Convention or under any other available international agreement;

ASSIGNOR further authorizes and requests, if applicable, all appropriate national or regional patent offices and the international bureau of the PCT to transfer ownership name of the aforesaid patent application(s) to ASSIGNEE;

ASSIGNOR further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such rights, title and interest in ASSIGNEE, its successors, assigns and legal representatives;

ASSIGNOR hereby grants Williams Mullen, PC and its agents the power to insert on this assignment any further identification, including but not limited to application number(s) and filing date(s), which may be necessary or desirable in order to comply with any rule or request of the United States Patent and Trademark Office or other country or regional patent office for the purposes of recording this document.
