ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, **DURA PLASTIC PRODUCTS INC.**, a corporation organized and existing under and by the virtue of the laws of California and having a place of business at 533 East Third Street, Beaumont, California 92223 (hereinafter referred to as "Assignor") hereby assigns to **Hardy L. Rost** of Cookville, Tennessee and a citizen of United States of America and **Kevin L. Rost** of Oak Glen, California and a citizen of United States of America and their successors and assigns (hereinafter collectively referred to as "Assignees"), jointly and in equal shares, the entire right, title and interest throughout the world in the invention and improvements which are the subject of an application for United States Patent filed on **October 13, 2009**, U.S. Application No. **12/578,427** entitled "**SEALING COVER ASSEMBLY FOR AN UNDERGROUND UTILITY BOX**", and related applications and patents, this assignment including said application, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisions, continuations, reissues, continuations-in-part and extensions thereof, and the right to claim priority based on the filing date of said application and based on the filing date of any provisional application of which said application claims the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and Assignor authorizes the Assignees to apply in all countries in its name or in their own names for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements. Assignor agrees for itself and its heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts, to promptly provide Assignees with all pertinent facts and documents relating to said invention or application as may be known and accessible to Assignor, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignees may reasonably request to effectuate fully this Assignment. Assignor hereby authorizes and requests the US Patent & Trademark Office, and any other national or regional patent granting authority, to issue all patents for said inventions and improvements to the Assignees in accordance with the terms of this Assignment.

The Assignor hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.
