ASSIGNMENT

WHEREAS, we, **Robert Kundel, Sr.**, residing at 2186 Howland Wilson Road, Cortland, Ohio 44410; **Robert Kundel, Jr.**, residing at 2182 Howland Wilson Road, Cortland, Ohio 44410; **Richard A. Schley**, residing at 627 Trumbull Avenue SE, Warren, Ohio 44484-4569; and **Chris Welker**, residing at 2613 Niles Cortland Road, Cortland, Ohio 44484, employees of Kundel Industries, Inc. (described below) agree that we co-invented a certain new and useful Invention to a structural member in furtherance and within the scope of our employment ("Invention"); the Invention is disclosed in an application for United States Letters Patent titled "Structural Members For Forming Various Composite Structures", having Attorney Docket No. 2168.25, to be filed on or about January 8, 2009 ("Patent Application");

WHEREAS, **Kundel Industries, Inc.**, a corporation organized under the laws of the State of Ohio having its business address at 3710 Hendricks Road, Austintown, Ohio 44515 (hereinafter together with any successors, legal representatives and assigns thereof, called "ASSIGNEE") will acquire the entire and undivided right, title and interest in and to said Invention from Assignors, as well as all rights resulting and/or claiming priority therefrom as more specifically stated herein;

WHEREAS, **Robert Kundel, Sr.**, **Robert Kundel, Jr.**, **Richard A. Schley** and **Chris Welker**, (hereinafter collectively and individually with their heirs, successors, legal representations and assigns thereof, called "ASSIGNORS") jointly and severally assign all their rights, title and interest in and to said Invention and Patent Application to Assignee, including any unpaid royalties, and each Assignor warrants and represents herein that their joint interests merge and Assignee shall have the entire and full unencumbered right, title and interest therein;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, the undersigned Assignors, have sold, assigned, transferred and/or set over, and do hereby sell, assign, transfer and/or set over to Assignee, and Assignee accepts, free and clear of all liens and encumbrances, the entire right, title and interest in said Invention and Patent Application, utility, provisional and/or design applications, substitutions, divisionals, continuations and continuations-in-part thereof, and all subsequent United States Letters Patents which may be filed

and/or granted thereon or having priority thereto, and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, and all other patents and other applications for patents (including related rights such as utility-model registrations, inventor's certificates and the like) heretofore or hereafter filed in the United States and/or any foreign countries to said Invention, and all patents (including all utility extensions, renewals and reissues thereof) granted in any foreign countries to said Invention; and we hereby authorize and request the United States Director of Patents and Trademarks, and any officials of foreign countries whose duty it is to transfer, maintain and/or issue patents on applications as aforesaid, to transfer, maintain and issue all patents for said Inventions and/or Patent Applications, to Assignee in accordance with the terms of this Assignment;

AND WE HEREBY covenant that we, the undersigned Assignors, have previously executed an assignment for the Patent Application, and we are hereby confirming the same and conveying in accordance herewith the entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith;

AND WE HEREBY covenant that we, the undersigned Assignors, will execute or procure any further necessary assurance of assignment and/or title to said Invention and Patent Application, and at any time, upon the request and at the expense of said Assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect the titles to said Invention and Patent Application, or any subsequent utility and/or provisional application for the Invention or Letters Patent which may be granted for the Invention and Patent Application hereinafter in said Assignee, and its respective successors, assigns or other legal representatives;

AND WE HEREBY further covenant and agree that we, the undersigned Assignors, without further compensation therefore, will communicate to Assignee any facts known to us respecting said Inventions and Patent Application, and upon the request and at the expense of Assignee, will testify in any legal proceeding, sign all lawful papers, execute any subsequent, additional, provisional, utility, design, foreign, divisional, continuation, continuations-in-part, substitute or reissue applications for patents for said Inventions and Patent Application, or any part thereof, and for the reissue of any Letters Patent to be granted therefore hereafter, and will make all
