PATENT

ASSIGNMENT AND AGREEMENT

I, Christelle Boléa, residing at 74220 Guillebert, France, hereby sell, assign and transfer to Addex Pharma SA, a corporation in Geneva, Switzerland, having an office at 12 Chemin des Aulx, 1228 Plan-les Ouates, Geneva, Switzerland and its successors, assigns and legal representatives, hereinafter called Assignee, my entire right, title and interest, for all countries, in and to certain inventions or discoveries relating to:

NOVEL THIAZOLES DERIVATIVES AND THEIR USE AS POSITIVE ALLOSTERIC MODULATORS OF METABOTROPIC GLUTAMATE RECEPTORS

described in an application for Letters Patent of the United States of America having a US Application Serial No. 12/998,954 filed on June 18, 2011 with the United States Patent and Trademark Office.

Now, therefore, for valuable consideration furnished by Assignee to me, receipt and sufficiency of which I hereby acknowledge, I hereby, without reservation:

1. Assign and convey to and confirm in Assignee the entire right, title and interest in and to said inventions and discoveries, said application for Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever, countries, including any and all benefits under the International Convention for the Protection of Industrial Property, under the Inter-American Convention relating to Inventions, Patents, Designs and Industrial Models and under any other international arrangements relating to patents or intellectual property, as well as any and all Patents which may be granted therefore, in and to any applications claiming priority benefits to a provisional patent application or other applications filed on said invention, and under any and all extensions, reexaminations, divisionals, renewals, reissues and continuations of said application for Patents, including any foreign applications derived therefrom, equivalent thereto or claiming priority thereof;
2. Request that any and all Patents for said inventions and discoveries be issued to said Assignee, its successor, assigns and legal representatives, or to such nominees as it may designate;
3. Authorize and request the empowered officials of all governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein or otherwise as Assignee may direct;

4. Authorize Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in my name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise;
5. Covenant with Assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.
6. Warrant that I have not knowingly conveyed to others any right in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that I have good right to assign the same to Assignee without encumbrance;
7. Bind my heirs and legal representatives, as well as myself to do, upon Assignee's request and at its expense, but without additional consideration to me or them, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by me or my heirs or representatives if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in my possession or control or in the control of my heirs or legal representatives and which may be useful for establishing the facts of my conception, disclosures, and reduction to practice of said inventions and discoveries.

The effective date of this instrument is the 18th day of June, 2011.

In testimony of which I have affixed my signature.

Christelle Boléa
