PATENT ASSIGNMENT

WHEREAS, Jochen Rohr, a California resident, hereinafter referred to as "Assignor," is the sole owner of all right, title and interest in and to the invention(s) described and claimed in the patents listed on Exhibit A of this Assignment (the "Patents"); and

WHEREAS, Keys Acquisition LLC, a Maryland limited liability company, hereinafter referred to as "Assignee," desires to acquire the entire right, title, and interest in and to the invention, the application, and any Letters Patent to be granted for the Patents in the United States and in all foreign countries.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) paid to Assignor by Assignee, and other good and valuable consideration, the receipt and sufficiency of which Assignor acknowledges, Assignor has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto Assignee, its successors, legal representatives, and assigns, the entire right, title, and interest in and to the invention, the application, all applications claiming benefit of the Patents, including, but not limited to, all divisions and continuations of the application, and all Letters Patent that may be granted thereon in the United States and in all foreign countries, and all reissues thereof, together with the right to claim priority under the International Convention in all member countries; and Assignor authorizes and requests the Director of the United States Patent and Trademark Office to issue all Letters Patent for the invention to Assignee, its successors, legal representatives, and assigns in accordance with the terms of this Assignment;

AND Assignor covenants and agrees that Assignor has the full right to convey the entire right, title, and interest herein assigned and that Assignor has not executed and will not execute any assignment or other instrument in conflict with this Assignment;

AND Assignor further covenants and agrees that upon request by Assignee, its successors, legal representatives, and/or assigns, and without further consideration, Assignor will do all lawful acts that may be necessary or desirable to assist Assignee, its successors, legal representatives, and/or assigns to obtain and enforce patent protection for the Patents in the United States and in all foreign countries, including, but not limited to, communicate with Assignee, its successors, legal representatives, and/or assigns any facts known to Assignor regarding the Patents, testify in any legal proceeding, sign all lawful papers, execute and deliver all papers that may be necessary or desirable to perfect the title to the Patents in Assignee, its successors, legal representatives, and/or assigns, execute all divisional, continuation, and reissue applications, and make all rightful oaths, it being understood that any expense incident to the rendering of such assistance will be borne by Assignee, its successors, legal representatives, and/or assigns;

AND Assignor further hereby authorizes Assignee or its attorneys or agents to insert the correct application number and filing date into this Assignment, if none is indicated on that date of Assignor's execution of this Assignment.
