## ASSIGNMENT

WHEREAS, I, **F. Levent Degertekin**, have invented certain improvements and inventions disclosed in a U.S. Patent Application filed 28 February 2005, and entitled **MULTIPLE ELEMENT ELECTRODE CMUT DEVICES AND FABRICATION METHODS**; and

WHEREAS, **Georgia Tech Research Corporation**, a corporation of the State of Georgia having a principal place of business at 505 Tenth Street, N.W., Atlanta, Georgia 30332, United States, is desirous of acquiring an interest in the same;

NOW, THEREFORE, for and in consideration of Five Dollars (\$5.00) and other good and valuable consideration, the receipt and sufficiency of which I hereby acknowledge, I, by these presents do sell, assign and transfer unto **Georgia Tech Research Corporation** the full, exclusive and entire right, title, and interest in and to said application, in and to any related United States intellectual property rights in said application, including conventionals, divisions, continuations, continuations-in-part, RCEs and reissues thereof, and in and to all inventions and improvements disclosed and described in said application, preparatory to obtaining Letters Patent of the United States therefore; and I hereby request the Commissioner for Patents to issue any and all Letters Patent of the United States resulting from said application, or from any division, continuation, or reissue thereof, to **Georgia Tech Research Corporation**, as the assignee, for its interest and for the sole use and benefit of **Georgia Tech Research Corporation** and its assigns and legal representatives.

For the same consideration, I, by these presents do sell, assign, and transfer to **Georgia Tech Research Corporation**, the full, exclusive, and entire right, title and interest in and to any application or applications (corresponding applications) filed or which may be filed in countries other than the United States which correspond to said applications or claim priority of said applications in whole or in part, in and to any Letters Patent and similar protective rights granted on said corresponding applications, and in and to the right to claim any applicable priority rights arising from or required for said corresponding applications under the terms of any applicable conventions, treaties, statutes, or regulations, said applications to be filed and issued in the name of **Georgia Tech Research Corporation**, or its designee, insofar as permitted by applicable law.

AND, for the same consideration, I specifically do sell, assign and transfer unto Georgia Tech Research Corporation all rights to sue for damages and other remedies for past infringement of any Letters Patent issuing from said application which may have occurred before the date of this assignment;

AND, for the same consideration, I agree, without charge to Georgia Tech Research Corporation but at its expense, to sign all lawful papers, execute all division, continuing, reissue and other applications, make all assignments and rightful oaths, and generally do everything reasonably possible to aid Georgia Tech Research Corporation, its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.
