PATENT

**ASSIGNMENT OF PATENTS RIGHTS BY
EFFICIENT FRONTIER TO ADOBE SYSTEMS INCORPORATED**

Effective this 15th day of February, 2012 for good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned Efficient Frontier, Inc., a Delaware corporation having a business address at 809 Eleventh Avenue - Building 4, Sunnyvale, CA 94089, ("Assignor") does hereby:

- 1) Represent and warrant that Assignor is the sole owner of the patents, provisional patent applications, non-provisional patent applications and any and all other assets or rights listed on Exhibit A (collectively, the "Patents") in addition to the assets or rights identified in categories 2) b) through 2) k);
- 2) Assign, transfer and convey to Adobe Systems Incorporated, a Delaware corporation having a business address at 345 Park Avenue, San Jose, California 95110-2704 ("Assignee"), all of Assignor's right, title and interest that exist today and may exist in the future, in the United States of America, its territorial possessions, and any and all countries of the world, in and to any and all of the following:
 - a) the Patents;
 - b) any patent which may issue or be granted from any of the Patents;
 - c) all patents and patent applications (i) to which any of the Patents directly or indirectly claims priority, (ii) for which any of the Patents directly or indirectly forms a basis for priority, and/or (iii) that were co-owned applications that incorporate by reference, or are incorporated by reference into, the Patents;
 - d) all reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, divisions, and registrations of any item in any of the foregoing categories a) through c);
 - e) all foreign patents, patent applications, and counterparts relating to any item in any of the foregoing categories a) through d), including, without limitation, certificates of invention, utility models, industrial design protection, design patent protection, and other governmental grants or issuances;
 - f) all items in any of the foregoing in categories b) through e), whether or not expressly listed as Patents on Exhibit A and whether or not claims in any of the foregoing have been rejected, withdrawn, cancelled, or the like;
 - g) inventions, invention disclosures, and discoveries described in any of the Patents and/or any item in the foregoing categories b) through f) that (i) are included in any claim in the Patents and/or any item in the foregoing categories b) through f), (ii) are subject matter capable of being reduced to a patent claim in a reissue or reexamination proceeding brought on any of the Patents and/or any item in the foregoing categories b) through f), and/or (iii) could have been included as a claim in any of the Patents and/or any item in the foregoing categories b) through f);
 - h) all rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to any item in any of the foregoing categories a) through g), including, without limitation, under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding;

- i) all causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights under, or on account of, any of the Patents and/or any item in any of the foregoing categories b) through h), including, without limitation, all causes of action and other enforcement rights for (i) damages, (ii) injunctive relief, and (iii) any other remedies of any kind for past, current, and future infringement; and
 - j) any provisional or other right to recover damages, including royalties, for prior infringements of any patent application identified in any of the Patents and/or any item in any of the foregoing categories (b) through (i);
 - k) all rights to collect royalties and other payments under or on account of any of the Patents and/or any item in any of the foregoing categories (b) through (j);
- 3) Agree, upon request by and at the expense of Assignee (or its successors, assigns or legal representatives), to (i) execute all oaths, assignments, powers of attorney and any other papers, (ii) testify in any legal or quasi legal proceedings, (iii) take any action, and (iv) otherwise fully cooperate with Assignee, in connection with perfecting Assignee's title, or securing, maintaining and enforcing Assignee's rights, under this assignment; and
- 4) Represent, warrant and covenant that no assignment, grant, mortgage, license or other agreement inconsistent with the rights and property herein conveyed to Assignee has been made or shall be made by Assignor.

Assignor hereby requests the issuance of said patents to Assignee for the sole use and behalf of Assignee, its successors, legal representatives and assigns.
