PATENT ASSIGNMENT

WHEREAS, the below named ASSIGNOR, Märkisches Werk GmbH, having a principal address at Hallwanger Landesstrasse 3, 5300 Hallwang, Austria, is the owner of all right, title and interest to U.S. Patent No. 7,928,614 B2 and said related application and invention (collectively "the Patent"), issued April 19, 2011, by virtue of an Assignment recorded on September 24, 2010, at Reel/Frame 025040/0358.

WHEREAS, BSONIC GmbH, having a principal address at Hagener Strasse 62, Halver, Germany, 58553, ASSIGNEE, is desirous of obtaining the entire right, title and interest in, to and under the Patent.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) paid to Assignee, and other good and valuable consideration, the receipt of which is hereby acknowledged, the said ASSIGNOR has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the Patent, and all divisions, renewals and continuations thereof, and all patents which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said inventions in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the United States applications under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventor's certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

This assignment includes the right to sue past, current, and future infringers of the Patent, to obtain damages and injunctive relief from or against all such infringers, and to recover all damages in connection therewith, including past damages.

ASSIGNOR authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument; and

ASSIGNOR covenants and agrees that it has full right to convey the entire interest herein assigned, and has not executed, and will not execute, any agreement in conflict herewith; and

ASSIGNOR further covenants and agrees that it will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper protection for said invention in all countries.
