Best Regards,

Bijan Tadayon, Ph.D., J.D.

Authorized Representative of Assignee

ASSIGNMENT OF IP/PATENTS TO **BTPATENT LLC**

Whereas, the undersigned Inventor(s) has/have made certain inventions, improvements, and discoveries (herein referred to as the "Invention") in:

Title of the Invention: **Controlling mobile device functions,**

by inventor Saied Tadayon and Maryam Halavi, with attorney docket number BT-109,

which is a US utility application, , as a CIP of BT-101

for which an application for a United States Patent was executed concurrently herewith or was filed having:

Serial Number: 13/091,119 (insert series code and serial number here, if available)

Whereas, **BTPatent, LLC**, a **Maryland LLC**, having a place of business at **11204 Albermyrtle Rd., Potomac, MD, 20854, USA** (herein referred to as "BTPATENT"), desires to acquire, and each undersigned Inventor desires to grant to BTPATENT, the entire worldwide right, title, and interest in and to the Invention and in and to any and all patent applications and patents directed thereto;

Now, therefore, for good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, each undersigned Inventor ("ASSIGNOR") hereby sells, assigns, and otherwise transfers to BTPATENT (the "ASSIGNEE"), its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the Invention, the above-identified United States patent application, and any and all other patent applications and patents for the Invention which may be applied for or granted therefor in the United States and in all foreign countries and jurisdictions, including all divisions, continuations, reissues, reexaminations, renewals, extensions, counterparts, substitutes, and extensions thereof, and all rights of priority resulting from the filing of such applications and granting of such patents. In addition, each undersigned Inventor hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Patent, and foreign patent authorities to issue any foreign patent, granted for the Invention, to BTPATENT , its successors, legal representatives, and assigns, the entire worldwide right, title, and interest in and to the same to be held and enjoyed by BTPATENT , its successors, legal representatives, and assigns to the full end of the terms for which any and all such patents may be granted, as fully and entirely as would have

been held and enjoyed by the undersigned had this Assignment not been made; and each undersigned Inventor agrees to execute any and all documents and instruments and perform all lawful acts reasonably related to recording this Assignment or perfecting title to the Invention and all related patents and applications, in BTPATENT , its successors, legal representatives, and assigns, whenever requested by BTPATENT , its successors, legal representatives, or assigns.

Each undersigned Inventor acknowledges their prior and ongoing obligations to sell, assign, and transfer the rights under this Assignment to BTPATENT and is unaware of any reason why they may not have the full and unencumbered right to sell, assign, and transfer the rights hereby sold, assigned, and transferred, and has not executed, and will not execute, any document or instrument in conflict herewith. Each undersigned Inventor also hereby grants BTPATENT, its successors, legal representatives, and assigns, the right to insert in this Assignment any further identification (including, but not limited to, patent application Serial Number) which may be necessary or desirable for recordation of this Assignment.

By signing below, each Party to this Assignment states that under penalty of perjury under the laws of the United States of America that all the Party's declarations and acknowledgements in this Assignment are true and correct.
