ASSIGNMENT

In accordance with our obligations under an Employee Innovation and Proprietary Information Agreement or (as applicable) arising out of other agreements (such as, but not limited to, the Services Agreement between GE Aviation Systems Limited, a company existing under the laws of England, and my employer), and/or for other good and valuable consideration of which we acknowledge receipt, we,

Christopher Donald Johnson
Jonathan Mark Dunsdon

of **Clifton Park, New York, USA**
of **Glenville, New York, USA**

hereby sell and assign to Assignee, **GE Aviation Systems Limited**, a company existing under the laws of England, having a principal place of business at registered office Cheltenham Road, Bishop Cleeve, Cheltenham, Gloucestershire, GL52 8SF United Kingdom, hereinafter referred to as "Company", its successors and assigns our entire respective rights, titles and interests in and to the invention and improvements invented and originated by us and described in the non-provisional application for United States Patent currently entitled:

System and Method for Controlling Operation of an Airline

Executed concurrently herewith,

and any and all applications for patent and patents therefrom in any and all countries, including all divisions, continuations, reexaminations and reissues thereof, and all rights of priority resulting from the filing of said United States application, and authorize and request any official whose duty it is to issue patents, to issue any patent on said inventions and improvements resulting therefrom to said Company, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Company, we will communicate to said Company or its representatives or nominees any facts known to us respecting said inventions and improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, reexamination and reissue applications, make all rightful oaths and generally do everything possible to aid said Company, its successors, assigns, and nominees to obtain and enforce proper patent protection for said invention and its improvements in all countries.
