ASSIGNEE AFFIDAVIT

Upon oath and affirmation of belief and personal knowledge, I declare that the following statements and facts are true and correct to the best of my knowledge:

1. I have been duly authorized by RealNetworks, Inc., to affirm this Affidavit and am thus competent to do so.
2. On the following dates assignment documents were filed at the USPTO at the indicated Reel/Frame, which assignment documents established Progressive Networks, Inc. as the assignee of the following U.S. Patent Applications:

Assignment Recordation Date	Reel/Frame	Serial Number (internal tracking number)	Title	Application Filing Date
November 30, 1994	007263/0288	08/347582 (RN030)	Audio-on-demand communication system	November 30, 1994
December 19, 2011	027407/0800	09/042172 (RN030c1)	Audio-on-demand communication system	March 13, 1998
February 6, 2009	022214/0306	09/237099 (RN030c2)	Multimedia communications system and method for providing audio on demand to subscribers	January 25, 1999
February 11, 2009	022244/0452	11/422305 (RN030c3)	Audio-on-demand communication system	June 5, 2006

February 6, 2009	022214/0312	09/568525 (RN030d1)	Audio-on-demand communication system	May 9, 2000

The name Progressive Networks, Inc., was changed to RealNetworks, Inc., as recorded in assignment records for these matters.

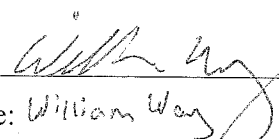

3. There are one more typographical errors in the assignment documents recorded at the reel/frame numbers noted in the table above; namely, the assignee is incorrectly referred to as "Progressive Networks, a Washington corporation," rather than "Progressive Networks, Inc., a Washington corporation."
4. The assignor is not available to correct the original assignment (or other document affecting title) or to execute a new one.

I hereby request that the following correction be made:

In the assignment filed herewith (a copy of the papers originally recorded at the reel/frames noted in the table above), the phrase "Progressive Networks, a Washington Corporation" be corrected to read "Progressive Networks, Inc., a Washington Corporation."

I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful, false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful, false statements may jeopardize the validity of the application or patent issuing therefrom.
