OP \$40.00 13214203

ASSIGNMENT OF PATENT APPLICATION

WHEREAS, I:

Raymond S. Cross
450 Coal Creek Road
Redstone, CO 81623

have co-invented with Frank Dan Prazen, certain new and useful improvements in a REMOVABLE MUD FLAP ASSEMBLY AND METHODS OF USE invention, for which an application for Letters Patent of the United States has been made, the application being US patent application number 13214203, filed 21 August 2011; and have acquired by assignment Frank Dan Prazen's entire right, title and interest in and to said invention, said application, and in, to and under any and all Letters Patent to be obtained therefore.

Whereas, **Insta Flap USA, Inc.**, a Colorado corporation having its primary place of business at 450 Coal Creek Road, Redstone, CO 81623, (the "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention, said application, and in, to and under any and all Letters Patent to be obtained therefore;

Now, therefore, for Ten Dollars (\$10.00) and other good and valuable consideration, the receipt of which is hereby acknowledged from the Assignee, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto said Assignee, its successors and assigns, my entire right, title and interest in and to said invention, said application, all divisions, continuations, continuations-in-part, reissues, or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue therefrom, including all reissues or extensions of such patents including all of my rights under the International Convention (collectively "the Patent Rights"), and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned Assignee in accordance herewith.

I further authorize said Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own names if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

I represent and warrant that I have the right and authority to execute this Assignment and to convey all my right, title, and interest in the Patent Rights, and that I have not conveyed nor will convey hereafter all or part of the Patent Rights therein to a third party; and I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in

making application for and obtaining original, continuation, continuation-in-part, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.

I hereby authorize the above-mentioned Assignee, its successors and assigns, or anyone they may properly designate, to insert in this instrument the application number of said application when ascertained.

In Witness Whereof, I have hereunto set my hands and affixed my seal on the date indicated below.

This document may be executed in multiple counterparts, each of which shall be considered an original.
