ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, SUMITOMO PRECISION PRODUCTS CO., LTD., having a principal place of business in Hyogo, Japan (hereinafter "assignor"), hereby assigns to SPP Technologies Co., Ltd., having a principal place of business in 8-11 Harumi 1-Chome, Chuo-ku, Tokyo, 104-6108, Japan (hereinafter "assignee"), its successors and assigns, the entire right, title and interest in and to the inventions or improvements of the assignor disclosed in the U.S. Patents and/or U.S. Patent Applications listed on SCHEDULE A which is attached hereto and made a part of this assignment, and in any and all other applications, both United States and foreign, which the assignor may file, either solely or jointly with others, on said inventions or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension thereof.

The assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue to said assignee any Letters Patent obtained from the currently pending U.S. patent applications listed on SCHEDULE A.

The assignor warrants itself to be the owner of the interests herein assigned and to have the right to make this assignment and further warrants that there are no outstanding prior assignments, licenses, or other rights in the interests herein assigned.

For said consideration, the assignor hereby agrees, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation, continuation-in-part and substitute applications for said inventions or improvements, and any necessary oath or affidavit relating thereto, and any application for the reissue or extension of any Letters Patent that may be granted upon said applications, and any and all applications and other documents for Letters Patent in foreign countries on said inventions or improvements, that said assignee, its successors or assigns, may deem necessary or expedient, and for said consideration the assignor further agrees, upon the request of said assignee, its successors or assigns, in the event of any application or Letters Patent assigned herein becoming involved in Interference, to cooperate with said assignee, its successors or assigns, to the best of the ability of the assignor, in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof, the assignor hereby agreeing to perform, upon request, any and all affirmative acts to obtain said Letters Patent, both United States and foreign, and vest all rights therein hereby conveyed in said assignee, its successors and assigns, whereby said Letters Patent will be held and enjoyed by said assignee, its successors and assigns, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held and enjoyed by the assignor if this assignment and sale had not been made.
