## Assignment Document

For good and valuable consideration, receipt of which is hereby acknowledged,

Virinci Technologies, Inc. ("Assignor"), a California Corporation having its principal place of business at 4068 Crandall Circle, Santa Clara, CA, 95054, and having ALL of the right, title, and interest in and to any and all improvements, including the right of priority in, to, and under, the application for the United States patent entitled OPERATING SYSTEM ARRANGEMENT FOR FLEXIBLE COMPUTER SYSTEM DESIGN, having application serial # 11/189,153, and filing date July 25, 2005, (the "Patent Application") and the inventions set forth and described therein, any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon, and any and all divisionals, continuations, reissues, reexaminations, and extensions arising from the Patent Application,

hereby assigns, grants, conveys, and transfers to Mohan R. Adluri ("Assignee"), an individual residing at 4068 Crandall Circle, Santa Clara, CA, 95054, and his successors and assigns,

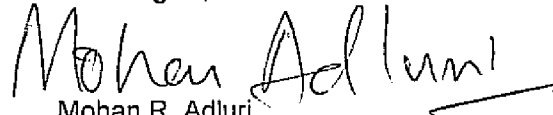

ALL of Assignor's right, title, and interest in and to any and all improvements, including the right of priority in, to, and under the Patent Application and the inventions set forth and described therein, any and all Letters Patent of the United States and of countries foreign thereto which may be granted thereon, and any and all divisionals, continuations, reissues, reexaminations, and extensions arising from the Patent Application.

And for the above consideration, Assignor agrees to execute and deliver any further documents and to take any further actions necessary to aid Assignee, and his successors and assigns, in perfecting the assignment, grant, conveyance, and transfer of ALL of Assignor's right, title, and interest in and to any and all improvements to the Patent Application and in enforcing any and all protections or privileges deriving from assignment, grant, conveyance, and transfer of ALL of Assignor's right, title, and interest in and to any and all improvements to the Patent Application. Further documents and actions include, but are not limited to, any power of attorney, assignment, application, whether original, continuation, divisional or reissue, or other papers which may be necessary or desirable fully to secure ALL of Assignor's rights, title, and interest in and to any and all improvements to the inventions described in and all patent rights arising from the Patent Application to Assignee, his successors and assigns, in the United States and in any country foreign thereto, and to cooperate and assist in the prosecution of interference proceedings involving the Patent Application and in the adjudication or reexamination of any and all Letters Patent of the United States and of countries foreign thereto granted on the Patent Application.

Assignor further represents and warrants to Assignee, his successors and assigns, that no assignment, grant, mortgage, license, or other agreement affecting any portion of Assignor's rights, title, and interest in and to any and all improvements to the Patent Application herein assigned, granted, conveyed, and transferred has been made to others by Assignor, and that all rights to assign, grant, convey, and transfer ALL of Assignor's rights, title, and interest in and to any and all improvements to the Patent Application as herein expressed are possessed by Assignor.

In witness whereof, this Assignment Document is executed by and on:

Virinci Technologies, Inc.
