STATEMENT TO CORRECT ASSIGNEE NAME IN PATENT ASSIGNMENTS

This Statement is executed for the purpose of correcting the name of the assignee in the assignments recorded at the U.S. Patent and Trademark Office (the "PTO") at Reel/Frames 009149/0544, 014407/0168, 14745/0803, and 018061/0668 from "Stratum Technologies Corporation" to "Stratum Technologies, Inc."

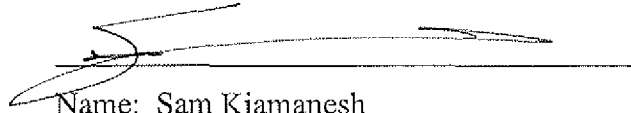

The undersigned, being duly authorized, attests to the following:

1. On May 1, 1998, inventor Jimmy J. Jenkins executed an assignment (the "Parent Patent Assignment") purporting to assign all rights in an invention entitled "method and apparatus for dynamic programming across a computer network," as well as all rights to the concurrently executed patent application for the invention and the ensuing patent, to Stratum Technologies Corporation, a California corporation. The patent application was filed with the PTO on May 1, 1998 and assigned serial number 09/071751. The application issued as U.S. patent **6401114** on June 4, 2002. The Parent Patent Assignment was recorded with the PTO on May 1, 1998 at Reel/Frame 009149/0544. A copy of the Parent Patent Assignment as recorded is attached hereto as Exhibit 1.
2. The Parent Patent Assignment was subsequently recorded against continuing patent applications 10/642464 (patent **7774429**) and 10/720556 (**7162519**). The Parent Patent Assignment was recorded at the PTO against the '464 application on August 15, 2003 at Reel/Frame 014407/0168 (Exhibit 2), and against the '556 application on November 24, 2003 at Reel/Frame 14745/0803 (Exhibit 3).
3. On July 17, 2006, inventor Jimmy J. Jenkins executed an assignment (the "2006 Patent Assignment") purporting to assign all rights in U.S. patent **6678723** to Stratum Technologies Corporation, a California corporation. The 2006 Patent Assignment was recorded at the PTO on July 21, 2006 at Reel/Frame 018061/0668. A copy of the 2006 Patent Assignment as recorded is attached hereto as Exhibit 4.
4. "Stratum Technologies Corporation" was erroneously identified as the assignee in the Parent Patent Assignment and the 2006 Patent Assignment. Stratum Technologies Corporation was a fictitious business name being used by Stratum Technologies, Inc.
5. Stratum Technologies, Inc. was incorporated in California on August 14, 1996.
6. Stratum Technologies Corporation was never incorporated in California and has never operated as a standalone entity. On November 24, 1997, Stratum Technologies, Inc. filed a Fictitious Business Name Statement with the San Mateo County Recorder's office to do business under the fictitious name "Stratum Technologies Corporation." A copy of the Fictitious Business Name Statement is attached hereto as Exhibit 5.
7. The assignee of the Parent Patent Assignment and the 2006 Patent Assignment should have been "Stratum Technologies, Inc." and this Statement to Correct Assignee Name in Patent Assignments hereby corrects the assignee of both the Parent Patent Assignment and the 2006 Patent Assignment from "Stratum Technologies Corporation" to "Stratum Technologies, Inc."

The undersigned has knowledge of the matters deposed herein and believes them to be true.

Signed at Los Altos, California, USA,
this 12th day of March, 2012.

Casas Riley & Simonian, LLP

A handwritten signature in black ink, appearing to read 'Sam Kiamanesh', is written over a horizontal line.

Name: Sam Kiamanesh

Position: Attorney

State of California

County of Santa Clara

}
}
}

On March 12, 2012, before me, personally appeared Sam Kiamanesh, Attorney, who proved to me on the basis of satisfactory evidence to be the person whose name is subscribed to the within instrument and acknowledged to me that he executed the same in his authorized capacity, and that by his signature on the instrument the person, or the entity upon behalf of which the person acted, executed the instrument.

I certify that under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

<h1 style="text-align: center;">ASSIGNMENT OF UNITED STATES PATENT</h1>	Attorney Docket No.:	STRM P002	Total Pages:	1
	First Named Inventor	Jimmy J. Jenkins		

The undersigned is the named inventor (the "Inventor") on

United States Patent 6,678,723

Issued January 13, 2004

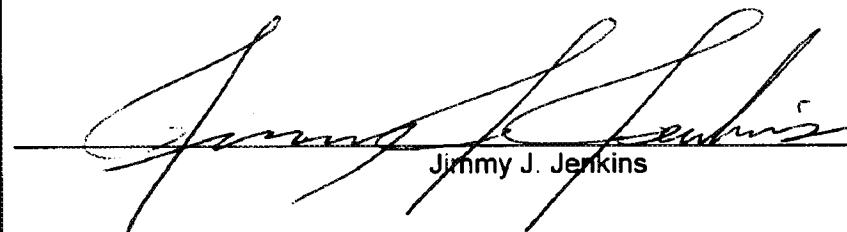

Titled: Method and Apparatus for Dynamic Programming Across a Computer Network

(the "Patent") for inventions disclosed or claimed therein (the "Invention(s)").

Stratum Technologies Corporation, a California Corporation, on behalf of itself, its successors and assigns, and its legal representatives ("**ASSIGNEE**"), is entitled to all rights in the Patent and the Invention(s), and the full cooperation of the Inventor.

For valuable consideration, the receipt of which is hereby acknowledged, the Inventor hereby sells, assigns, and transfers to **ASSIGNEE** the entire and exclusive right, title and interest in the Invention and the Patent, in and for the United States, its territories, and all foreign countries, including all applications, patents, design registrations and publications obtained or derived therefrom, world wide, and all priority rights under all present or future conventions and treaties, and any provisional applications for which priority is claimed in the Patent; and

- (1) requests the U.S. Patent and trademark Office to transact all matters with regard to the Patent with **ASSIGNEE**;
- (2) agrees to execute all papers and take all actions necessary or desirable with regard to the Patent requested by **ASSIGNEE**;
- (3) authorizes **ASSIGNEE** to license, assign or otherwise transfer the Invention(s) and/or the Patent, at **ASSIGNEE's** sole discretion and without accounting to Inventor; and
- (4) authorizes **ASSIGNEE** to take any actions related to the Invention, including related patent filings (e.g., continuations, divisionals, reexaminations, and reissues) and take post issuance actions related to the Invention and/or the Patent.
