**ASSIGNMENT**

THIS ASSIGNMENT, effective December 4, 2006, is between General Electric Company, a corporation of the State of New York, One River Road, Schenectady, New York 12345, United States of America (hereinafter called "Assignor") and Momentive Performance Materials Inc., a corporation of the State of Delaware, 22 Corporate Woods Blvd., 2<sup>nd</sup> Floor, Albany, NY 12211, United States of America (hereinafter called "Assignee").

WHEREAS, the Assignor is the owner of right, title and interest in and to applications for Letters Patent and Letters Patents of the United States of America, and in and to foreign patents, utility models, industrial designs and registered designs, and foreign applications for patents, utility models, industrial designs and registered designs filed in countries foreign to the United States of America, set forth in:

<b>US Patent No. or App. No:</b>	<b>11/554,705</b>
<b>Issue Date or Filing Date:</b>	<b>10/31/2006</b>
<b>Title:</b>	<b>Compositions for Topical Compositions Comprising Boron Nitride</b>

and in and to the inventions, models, and designs described, shown and claimed therein.

WHEREAS, Assignee is desirous of acquiring such right, title and interest in and to said United States and foreign Letters Patents, utility models, industrial designs and registered designs, applications for said Letters Patent, utility models, industrial designs and registered designs, including the Letters Patents and registrations to be obtained on said applications, and said inventions, models and designs.

NOW THEREFORE, for consideration of the sum of one dollar (\$1.00) paid by the said Assignee and other good and valuable consideration, the receipt of which is hereby acknowledged by said Assignor, said Assignor by these presents grants, conveys and assigns unto said Assignee:

(1) Its entire right, title and interest in and to applications for Letters Patent and Letters Patents of the United States of America, and in and to foreign patents, utility models, industrial designs and registered designs and foreign applications for patents, utility models, industrial designs and registered designs filed in countries foreign to the United States of America and said inventions, models and designs, as listed in [11/554,705]; and

(2) The rights of action and recovery, for past, present and future infringement of each of the rights transferred under paragraph (1) hereof.

Assignor agrees to execute all necessary documents and assignments as may be required by the authorities in the various countries involved with the respective Letters Patents, utility models, industrial designs and registered designs, and applications for Letters Patent, utility models, industrial designs and registered designs in order to carry out the terms of this agreement.
