JOINT TO CORPORATE ASSIGNMENT

WHEREAS, the undersigned Inventor:

Jianing Sun, a resident of Ningbo, China,

has invented certain new and useful improvements in:

GENERAL-PURPOSE MULTIPLE-CUTTING EDGE DRILL

and has executed a declaration for an application for a United States Patent disclosing and identifying the invention, the declaration being executed on February 24, 2012.

WHEREAS, Ningbo Huaren Tolls Co., Ltd., a corporation, having a place of business at No. 555, Ya Ge Er Street, Ningbo City, Zhejiang 315153, P. R. China, and Test Rite International Company Limited, a company, having a place of business at 8F, No. 270, Sec. 4, Chung Hsiao E. Road, Taipei, Taiwan, R.O.C., (hereinafter termed "Assignees"), wish to acquire the entire right, title and interest in and to said application and the invention disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made or discovered jointly or severally by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, certificates of invention and other forms of protection thereon (hereinafter termed "patents") applied for or granted in the United States, Canada and/or Mexico.

NOW THEREFORE, for good and valuable consideration acknowledged by said Inventor to have been received in full from said Assignees:

1. Said Inventor does hereby sell, assign, transfer and convey to said Assignees, the entire right, title and interest (a) in and to said application and said invention; (b) in and to all rights to apply in the United States, Canada and Mexico for patents, certificates of inventions or other governmental grants on said invention, including the right to apply for patents pursuant to the International Convention for the Protection of Industrial Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and to any and all applications filed and any and all patents, certificates of inventions or other governmental grants granted on said invention in the United States, Canada and Mexico, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extension of any of said patents; and (e) in and to each and every patent claim resulting from a reexamination certificate for any and all of said patents.

2. Said Inventor hereby jointly and severally covenants and agrees to cooperate with said Assignees to enable said Assignees to enjoy to the fullest extent the right, title and interest

herein conveyed in the United States, Canada and Mexico. Such cooperation by said Inventor shall include prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignees (a) for perfecting in said Assignees the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor in providing such cooperation shall be paid for by said Assignees.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignees, their successors, assigns and other legal representatives, and shall be binding upon said Inventor, its respective heirs, legal representatives and assigns.

4. Said Inventor hereby jointly and severally warrants and represents that he/she has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.
