ASSIGNMENT

This Assignment is made by STEVE CRESTOL of Valencia, CA, Assignor, to STEALTHWEAR, a California Corporation, Assignee, having a place of business at 29374 Via Milagro, Valencia, CA 91354;

WHEREAS, Assignor has invented a new and useful WIRELESS HEADSET SWITCHING SYSTEM and Assignor believes himself to be the original first inventor of the invention(s) disclosed and claimed in U.S. Application Number 13/326,107; and

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said Application, any Letters Patent, and all other related and associated intellectual property that may be granted for said invention(s) in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents hereby sell, assign, transfer and set over to Assignee all of Assignors right, title and interest in, to and under said invention(s) said Application, and all other related and associated intellectual property (including, but not limited to copyrights, trademarks, know-how and trade secrets), including (a) the right to apply for patents in the United States of America and in all foreign countries for said invention(s), (b) all application for patents for said invention(s) or based on said Application in all countries, now filed or to be filed, including all non-provisional, divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said invention(s) or upon said Application, (c) all patents which may issue on said invention(s) and on any application transferred by this Assignment in the United States and foreign countries, and any and all reissues, reexams, extensions, divisions, renewals, substitutes, continuations or continuations-in-part of patents granted for said invention(s) or upon such Application, for the full term or terms for which the patents may be issued, (d) every priority right that is or may be predicated upon or arise from said invention(s), said Application and such patents under any applicable international or bilateral treaty, agreement or convention; (e) and all rights to sue and recover for any past or future infringements of any and all of the foregoing. Assignor hereby authorizes Assignee to file a patent Application or any other application in all countries for any or all of said invention(s) in Assignors' name, or in Assignee's name or otherwise as Assignee may deem advisable, under any international or bilateral treaty, agreement or convention, or otherwise.

Further, Assignor agree that, upon request and without further compensation, but at no expense to Assignor, they and their legal representative(s) and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing a Letters Patent or other intellectual property rights in the United States and throughout the world for said invention, and for perfecting, recording or maintaining the title of Assignee, its successors and assigns, to said invention, said Application, any Letters Patent granted for said invention, or any other intellectual property rights in the United States and throughout the world.

Assignor represents and warrants that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein below.
