Miller, of 4145 Gray Street, Wheat Ridge, Colorado 80212, have invented certain new and useful improvements in "COMPOSITIONS AND METHODS TO ELICIT IMMUNE RESPONSES AGAINST FUNGUS USING YEAST (SACCHAROMYCES) BASED VACCINES," for which an application was made for Letters Patent of the United States, and which may be identified in the United States Patent Office by Serial No. 11/610,457, filed December 13, 2006, and

WHEREAS MycoLogics, Inc., a corporation organized and existing under the laws of the state of Colorado and having an address of 12635 E. NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto Assignee, its successors and assigns, the entire right, title and interest in and to said invention, said application and the Letters Patent, both foreign and domestic, that may or shall issue, including all rights under the International Convention, and we do hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to Assignee in accordance herewith.

We further authorize Assignee, its successors and assigns, or anyone it may properly designate, to apply for Letters Patent, in its own name, if desired, in any and all foreign countries, and additionally to claim the filing date of said United States application and/or otherwise take advantage of the provisions of the International Convention.

We hereby covenant and agree with Assignee, its successors and assigns, that we will not execute any writing or do any act whatsoever conflicting with these presents, and that we or our executors or administrators will, at any time upon request, without further or additional consideration, but at the expense of Assignee, its successors and assigns, execute such additional writings and do such additional acts as Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights, occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.
