3. **Protection of Intellectual Property by Borrowers.** Each Borrower shall, at their sole cost, expense and risk, to the extent such Borrower deems it commercially reasonable in its good

faith business judgment, in connection with the operation of its business, undertake the following with respect to the Intellectual Property:

- (a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property and with the processing of the Intellectual Property and take all other commercially reasonable steps to maintain each registration of the Intellectual Property.
- (b) Take all actions commercially reasonable to prevent any of the Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired.
- (c) Take all actions commercially reasonable to pursue the prompt, diligent processing of each application for registration, which is the subject of the security interest created herein, and not abandon or delay any such efforts.
- (d) Take any and all action that such Borrower reasonably deems appropriate under the circumstances to protect the Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

4. **Representations and Warranties.** Each Borrower represents and warrants that:

- (a) Schedule I is a true, correct and complete list of all registered or applied for Intellectual Property owned by each Borrower as of the date hereof.
- (b) Except as set forth in Schedule I, none of the Intellectual Property identified on Schedule I is the subject of any licensing or franchise agreement pursuant to which any Borrower is the licensor or franchisor.
- (c) The Intellectual Property identified on Schedule I hereto, is valid and enforceable, and to each Borrower's knowledge: (i) no claim has been made that the use of any of the Intellectual Property does or may violate the rights of any third person; and (ii) no material claim has been asserted and is pending by any Person challenging or questioning the use by any Borrower of any of the Intellectual Property owned by any Borrower or the validity or effectiveness of any of the Intellectual Property owned by any Borrower, nor does any Borrower know of any valid basis for any such claim.
- (d) Except as could not be reasonably expected to result in a Material Adverse Change, each Borrower owns, or is licensed to use, all Intellectual Property necessary for the conduct of its business as currently conducted, and such Borrower is the sole and exclusive owner of the entire right, title and interest in, under and to, free and clear of any liens, charges and encumbrances, other than any Intellectual Property listed on Schedule I that is purported to be owned by each Borrower, Permitted Liens and Liens in favor of Agent.

- (e) To the knowledge of each Borrower, no holding, decision or judgment has been rendered by any governmental authority which would limit, cancel or question the validity of, or any Borrower's rights in, any Intellectual Property set forth on Schedule I in any respect that could reasonably be expected to result in a Material Adverse Change with respect to the business or the property of any Borrower.
- (f) Each Borrower has the legal right and authority to enter into this Agreement and perform its terms.
- (g) Each Borrower shall give Agent written notice (with reasonable detail) on a quarterly basis in the event any of the following occur:
 - i. Any Borrower's obtaining rights to, and filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property.
 - ii. Any Borrower becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor.
 - iii. Any Borrower's entering into any new material Licenses (excluding "off-the-shelf" software or similar immaterial licenses).
 - iv. Each Borrower shall give Agent written notice (with reasonable detail) following the occurrence of such Borrower knowing or having reason to know, that any application or registration relating to any material Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office or any court or tribunal) regarding such Borrower's ownership of, or the validity of, any material Intellectual Property or such Borrower's right to register the same or to own and maintain the same.
- (h) If any Borrower amends its name, such Borrower shall provide copies of such amendment documentation to Agent and shall re-register such Borrower's Intellectual Property with the appropriate governmental authority and shall execute and deliver such agreements or documentation as Agent shall request to maintain a perfected first priority security interest in such Intellectual Property, to the extent such security interest can be perfected by such filing.

5. No Violation of Credit Agreement. The representations, warranties or covenants contained herein are supplemental to those representations, warranties and covenants contained in the Credit Agreement, and shall not be deemed to modify any such representation, warranty or covenant contained in the Credit Agreement.

6. **Agreement Applies to Future Intellectual Property.**

- (a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in Section 4 above, all of which shall be deemed to be and treated as “Intellectual Property” within the meaning of this Agreement.
- (b) Upon the reasonable request of Agent, each Borrower shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as Agent may request to evidence Agent’s security interest in any Intellectual Property and the goodwill of such Borrower relating thereto or represented thereby (including, without limitation, filings with the United States Patent and Trademark Office or any similar office), and each Borrower hereby constitutes Agent as their attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; provided, however, Agent’s taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

7. **Borrowers’ Rights To Enforce Intellectual Property.** Prior to Agent’s giving of notice to any Borrower following the occurrence and during the continuance of an Event of Default, each Borrower shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property owned by it, including the right to seek injunctions and/or money damages, in an effort by such Borrower to protect the Intellectual Property against encroachment by third parties, provided, however:

- (a) Any money damages awarded or received by any Borrower on account of such suit (or the threat of such suit) shall constitute IP Collateral.
- (b) Following the occurrence and during the continuance of any Event of Default, Agent, by notice to any Borrower, may terminate or limit each Borrower’s rights under this Section 7.

8. **Agent’s Actions To Protect Intellectual Property.** Upon the occurrence and continuance of any Event of Default, Agent, acting in its own name or in that of any Borrower, may (but shall not be required to) act in any Borrower’s place and stead and/or in Agent’s own right with respect to the rights and obligations of such Borrower under Section 3, Section 6 and Section 7 hereof.

9. **Rights Upon Default.** Upon the occurrence and during the continuance of any Event of Default, Agent may exercise all rights and remedies as provided for in the Credit Agreement.

10. Agent as Attorney In Fact.

- (a) Each Borrower hereby irrevocably constitutes and designates Agent as and for such Borrower attorney-in-fact, effective following the occurrence and during the continuance of an Event of Default:
 - i. To supplement and amend from time to time Schedule I of this Agreement to include any new or additional Intellectual Property of such Borrower.
 - ii. To exercise any of the rights and powers referenced herein.
- (b) The within grant of a power of attorney, being coupled with an interest, shall be irrevocable until this Agreement is terminated by a duly authorized officer of Agent.
- (c) Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 8 or Section 10, but if Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Borrower for any act or omission to act except for any act or omission to act as to which there is a final determination made in a judicial proceeding (in which proceeding Agent has had an opportunity to be heard) which determination includes a specific finding that the subject act or omission to act had been negligent or in actual bad faith.

11. Agent's Rights. Upon an Event of Default and during the continuance thereof, any use by Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of Agent's rights and remedies under this Agreement and under the Credit Agreement shall be coextensive with each Borrower's rights thereunder and with respect thereto and without any liability for royalties or other related charges.

12. No Limitation; Credit Agreement. This Agreement has been executed and delivered by each Borrower for the purpose of recording the security interest granted to Agent with respect to the IP Collateral with the United States Patent and Trademark Office and the United States Copyright Office. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to Agent, for the benefit of itself and the Banks, under the Credit Agreement and the other Loan Documents. The Credit Agreement (and all rights and remedies of each Borrower, Agent, and the Banks thereunder) shall remain in full force and effect in accordance with its terms. In the event of a conflict between this Agreement and the Credit Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the Credit Agreement with respect to all other Collateral.

13. Termination; Release of Trademark Collateral. This Agreement and all obligations of each Borrower and Agent hereunder shall terminate on the date upon which the Obligations are performed in full and paid in full in cash, all issued and outstanding Letters of Credit have expired or been terminated and the Credit Agreement and other Loan Documents are terminated in accordance with the terms of the Credit Agreement. Upon termination of this Agreement,

Agent shall, at the expense of the Borrowers, take such actions required by the Credit Agreement to release its security interest in the IP Collateral.

14. **Binding Effect; Benefits.** This Agreement shall be binding upon each Borrower and their respective successors and assigns, and shall inure to the benefit of Agent, the Banks and their respective successors and assigns.

15. **GOVERNING LAW.** THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK.

16. **Amendment and Restatement.** This Agreement constitutes an amendment, modification, and restatement, but not an extinguishment or novation of the Intellectual Property Security Agreement dated May 5, 2010, by ISS and GAC in favor of Agent (the "Existing Security Agreement"). This Agreement is not intended as, and shall not be construed as, a release or impairment of the agreements and obligations of the parties to the Existing Security Agreement. With respect to matters relating to the period prior to the date hereof, all of the provisions of the Existing Security Agreement are hereby ratified and confirmed, and shall remain in full force and effect. In addition to and not in limitation of the foregoing, the security interests in the IP Collateral (as such term is defined in the Existing Security Agreement) (the "Original Collateral") are given in renewal, extension and modification of the security interests previously granted in the Original Collateral to Agent by ISS and GAC; such existing security interests in the Original Collateral described above are not extinguished hereby; and the making, perfection and priority of such existing security interests in the Original Collateral described above shall continue in full force and effect.

[REMAINDER OF PAGE INTENTIONALLY BLANK; SIGNATURES FOLLOW]
