## RECORDABLE ASSIGNMENT OF PATENT RIGHTS

Whereas, Avraham Levi, an individual, with his principal address at 1689 Oakdale Avenue, Suite 102, West St. Paul, MN 55118 (hereinafter "Assignor"), is the sole and exclusive owner of the patents and patent applications listed in Annex A attached hereto (as further defined below, the "Patents"); and

Whereas ROM Acquisition Corporation, a Delaware corporation, with its principal office at 6800 East 163rd Street, Belton, MO 64012 (hereinafter "Assignee"), is desirous of acquiring all right, title and interest in, to and under the said Patents and related patents and patent applications as set forth below.

Now, therefore, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor does hereby irrevocably sell, assign, transfer and set over to Assignee, and Assignee hereby accepts, the Patents aforesaid, including without limitation (i) all of the patents and patent applications listed on Annex A attached hereto; (ii) all continuation and divisionals of such patents and patent applications, and any patents resulting from any reissue, reexamination or post-issuance examination of such patents and patent applications; (iii) all United States and foreign (except as to any countries located within Europe, the Middle East or Africa ("EMEA")) patents and patent applications claiming common priority to any of the patents or patent applications set forth in clauses (i) and (ii) above (whether claiming priority from such patents and patent applications or forming the basis of priority for such patents and patent applications); (iv) any and all foreign counterparts (except any country located in EMEA) to any of the patents and patent applications set forth in clauses (i), (ii) and (iii) above (all of the foregoing patents and patent applications in clauses (i), (ii), (iii) and (iv) above, the "Patents"); (v) all inventions and discoveries described in accordance with 35 U.S.C. § 112 in any of the Patents; (vi) all past, present and future claims, causes of actions and other rights against third parties relating to infringement of any of the foregoing patents and patent applications, including without limitation, all rights to pursue damages, injunctive relief, and other remedies for past, current and future infringement of the foregoing patents and patent applications; (vii) all prosecution history files and inventor assignments for the foregoing patents and patent applications; and (viii) all rights of Seller to license and collect royalties with respect to all of the foregoing patents and patent applications.

Assignor hereby authorizes and requests the Commissioner of the United States Patents and Trademark Office and any official of any applicable country or countries, except as to any country located in EMEA, whose duty is to issue patents or other evidence or forms of intellectual property or industrial property protection, to record Assignee as assignee and owner of the Patents and hereby covenants that Assignor has the full right to convey the entire interest herein assigned, and that, except as otherwise provided between the parties, Assignor has not executed, and will not execute, any agreements in conflict therewith.

In Witness Whereof, Assignor has executed this Recordable Assignment of Patent Rights.
