## PATENT APPLICATION AND INVENTION ASSIGNMENT

Pursuant to and in consideration of the Asset Purchase Agreement made and entered into on January 23, 2012, by and between SecurLinx Corporation, a Delaware corporation, and ITM Associates, Inc., a Delaware corporation having its main place of business in Pennsylvania ("Assignor"), through its Chapter 11 Trustee, whose authority to act is granted by an Order entered in Case No. 10-18453 before the United States Bankruptcy Court for the District of Maryland.

Assignor hereby sells, assigns, and transfers to SecurAcquisition Corp., a Delaware corporation and a wholly owned subsidiary of SecurLinx Corporation, having a place of business at 150 Clay Street, Suite 440, Morgantown, West Virginia 26501 ("Assignee"), its successors, assigns, and legal representatives, the entire right, title, and interest for the United States and for all countries of the world, in and to any and all inventions that are disclosed in the following patents and patent applications,

### UNITED STATES PATENT

and in and to each said application and patent and extensions thereof including all rights of priority arising therefrom and in and to all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all countries of the world for said inventions, all rights of priority arising therefrom, and all international applications for any of said inventions, and in and to all original, reexamined and reissued patents which have been or shall be issued in the United States and all countries of the world on said inventions; and I do hereby authorize and request the Commissioner of Patents or other proper Officer to issue such Letters Patent, or any of them, to the Assignee, and its successors and assigns.

Assignor agrees that Assignee may apply for, receive and maintain Letters Patent for said inventions in its own name, and that Assignor, when requested, without charge to but at the expense of Assignee, its successors, assigns and legal representatives, in order to carry out in good faith the intent and purpose of this assignment, will execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on any and all said inventions for the U.S., all other countries of the world and under all treaties, execute all rightful oaths, supplemental oaths, preliminary statements, assignments, powers of attorney, assurance of title and other papers for the U.S., all other countries and under all treaties, communicate to Assignee, its successors, assigns and representatives, all facts known to the Assignor relating to said inventions and the history thereof, and generally do everything possible that Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions, for complying with applicable law and for vesting title to said inventions and all applications for patents and all patents on said

inventions in Assignee, its successors, assigns and legal representatives for the U.S., all other countries and under treaties;

Assignor hereby consents that a copy of this assignment shall be deemed a full legal and formal equivalent of any document which may be required in any country in proof of the right of Assignee to apply for a patent or other form of protection for said inventions and to claim the aforesaid benefit of the right of priority; and

Assignor covenants with Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by Assignor.
