## ASSIGNMENT

WHEREAS, Schilling Robotics, Inc., a Delaware corporation ("Assignor") is the assignee of a United States Patent entitled:

Submersible Electrical Cable Connector

  X   issued as U.S. Patent No. 7,749,008 B2  
      filed as Serial No. \_\_\_\_\_ on \_\_\_\_\_  
      filed herewith

WHEREAS, Schilling Robotics, LLC, a limited liability company of the State of Delaware and whose address is 260 Cousteau Place, Suite 200, Davis, California 95618, and who, together with its successors and assigns is hereinafter called "Assignee," is desirous of acquiring the entire right, title and interest together with the benefits and privileges hereinafter recited;

NOW, THEREFORE, for valuable consideration furnished by Assignee to Assignor, receipt and sufficiency of which Assignor hereby acknowledges, effective as of the date signed, Assignor hereby, without reservation;

1. Assigns, transfers and conveys to Assignee the entire right, title and interest together with the benefits and privileges in and to said inventions and discoveries, said Letter Patent or similar forms of protection of the United States of America, and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation and convention applications based in whole or in part upon said inventions or discoveries, or upon said application, and any and all Letters Patent, reissues and extensions of Letters Patent or similar forms of protection granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent;

2. Authorizes Assignee to file patent applications in any or all countries or groups of countries on any or all of said inventions and discoveries in Assignor's name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or any other relevant convention or treaty or otherwise;

3. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title and interest therein, or otherwise as Assignee may direct;

4. Warrants that it has not knowingly conveyed to others any rights in said inventions, discoveries, applications or patents or any license to use the same or to make, use or sell anything embodying or utilizing any of said inventions or discoveries; and that Assignor has good right to assign the same to Assignee without encumbrance;

5. Binds its legal representatives and assigns to do, upon Assignee's request and at Assignee's expense, but without additional consideration to Assignor or them, all acts reasonable serving to assure that said inventions and discoveries, said patent applications and said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by Assignor, its legal representatives and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to said inventions and discoveries or the history thereof; and to furnish Assignee with any and all documents, photographs, models, samples and other physical exhibits in Assignor's control or in the control of Assignor's legal representatives or assigns which may be useful for establishing any facts of Assignor's conceptions, disclosures, and reduction to practice of said inventions or discoveries.

6. Grants the attorneys of record the power to insert on this Assignment the serial number of said Letter Patent as further identification of said Letter Patent in order to comply with the rules of the United States Patent and Trademark Office for recordation of this Assignment.

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.
