ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Boston BioCom LLC (hereinafter "BBC"), a Delaware LLC, having a place of business at 101 Merrimac Street, 4th Floor, Boston, MA 02114, hereby assigns to: THE GENERAL HOSPITAL CORPORATION, a corporation of Massachusetts, having a place of business at 55 Fruit Street, Boston, MA 02114; and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title, and interest throughout the world in the inventions and improvements which are the subject of and described and/or claimed in a non-provisional application for United States Patent, entitled "Mesothelin Antibody Protein Fusions and Methods of Use," filed on May 13, 2011, and assigned U.S. Serial Number 13/107,624 and U.S. Patent 7,943,133 entitled "Mesothelin Antibody Protein Fusions and Methods of Use", issued May 17, 2011; this assignment including said application and patent, any and all United States and foreign patents, utility patents and models, continuations, continuations-in-part, divisionals, reexaminations, reissues, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and this assignment also including, without limitation, any claims (known or unknown, suspected or unsuspected) of any nature that BBC has or may have against any party for infringement of any of the patents and patent applications listed herein, and the right to sue for past infringement and to recover and retain damages and profits in respect thereof; and

BBC authorizes the Assignee to apply in all countries in our name or in its own name for patents, utility models, design registrations, and like rights of exclusion and for inventors' certificates for said inventions and improvements; and

BBC hereby covenants and agrees that BBC will communicate to the Assignee or nominees all facts known to us pertaining to said inventions and improvements, and BBC agrees for ourselves and our respective heirs, legal representatives, and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, reissues, Preliminary Statements, and other lawful documents, testify in all legal proceedings, make all rightful oaths and declarations, and in general perform or cause to be performed all lawful acts necessary or proper to aid the Assignee or nominees in obtaining, maintaining, and enforcing all lawful patent protection for the inventions and improvements in the United States and in foreign countries; and

BBC hereby covenants that BBC has the full right to convey the entire right, title, and interest herein assigned and that BBC has not executed and will not execute any agreement in conflict herewith.
