ASSIGNMENT

THIS ASSIGNMENT is by Michael L. Gough, residing at Ben Lomond, California (hereinafter "Assignor"). The Assignor has invented one or more certain inventions (the "Invention(s)") described in a United States Patent Application entitled METHOD AND APPARATUS FOR ACCESSING A WIDE AREA NETWORK (the "Application") and filed on August 3, 2000 as Application No. 09/631,424.

WHEREAS, Assignee, G&H Nevada-Tek, a general partnership of the State of Nevada having a place of business at 930 Tahoe Blvd., #802, Suite 373, Incline Village, NV 89451 ("Assignee"), desires to acquire the entire right, title and interest in and to the Invention(s) and the Application, and in and to any patents (collectively, "Patents") that may be granted for the Invention(s) in the United States or in any foreign countries.

For valuable consideration, the receipt and sufficiency of which we acknowledge, Assignors hereby sell, assign, and transfer to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to: the Invention(s), the Application, and any Patents; any divisions, continuations, and continuations-in-part of the Application and any other application claiming priority rights from the Application; any reissues, reexaminations, or extensions of any and all Patents; the right to file foreign applications directly in the name of Assignee; the right to claim priority rights deriving from the Application (collectively, the "Rights") and the right to damages for prior infringements. Assignor warrants that he is a joint owner of the Rights, and that the Rights are unencumbered. Assignor also agrees not to sign any writing or do any act conflicting with this assignment, and, without further compensation, sign all documents and do such additional acts as Assignee deems necessary or desirable to: perfect Assignee's enjoyment of the Rights; prepare and prosecute the Application or any other applications for Patents; conduct proceedings regarding the Rights, including any litigation or interference proceedings; or perfect or defend title to the Rights. Assignor requests the Commissioner of Patents to issue any Patent of the United States that may be issued on the Invention(s) to Assignee. This Assignment may be executed in counterparts.

Date: 4-12-2004

Michael L. Gough
Michael L. Gough

ACKNOWLEDGMENT

STATE OF California
COUNTY OF _____

On _____ before me, _____, personally appeared Michael L. Gough, personally known to me (or proved to me on the basis of satisfactory evidence) to be the person whose name is subscribed to the within instrument and acknowledged to me that he/she executed the same in his/her authorized capacity, and that by his/her signature on the instrument the person, or the entity upon behalf of which the person acted, executed the instrument.

WITNESS my hand and official seal.
