ASSIGNMENT
Flow Stop Valve II

WHEREAS, the undersigned inventors, George SWIETLIK, Robert LARGE, and Ryan Peter MORRIS hereinafter (individually) called the "Assignor," have invented a new and useful invention generally entitled

FLOW STOP VALVE

for which a description has been made in PCT/GB2009/002016, filed on 18 Aug. 2009, and U.S. Patent Application No. 13/390,923, filed on 16 Feb. 2012.

WHEREAS, Pilot Drilling Control Limited, a Great Britain corporation having a principal office and place of business at Novotech House, Harbour Road Industrial Estate, Lowestoft, NR32 3LZ, Suffolk, Great Britain hereinafter called the "Assignee," has acquired the entire right, title and interest in and to said invention, the applications above identified, and in, to and under any U.S. Letters Patent and any non-United States counterparts that may be obtained for said invention, as hereinafter more fully set forth.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is hereby acknowledged, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer unto the Assignee, its successors and assigns, the entire right, title and interest in and to the invention and the application herein above identified, and all Letters Patents that may issue for said invention, and all divisions, reissues, substitutions, continuations, and extensions thereof, to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns to the full end of the term for which any and all of said Letters Patents for the said invention may issue.

FURTHER, be it known that the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer unto the Assignee, its successors and assigns, the entire foreign rights to the invention disclosed in said application, in all countries of the world, including the right to file applications and obtain patents under the terms of the International Convention for the Protection of Industrial Property, and of the European Patent Convention, and further agrees to execute any and all patent applications, assignments, affidavits, and any other papers in connection therewith necessary to perfect such patent rights.

And the Assignor does hereby covenant and agree, for himself and his legal representatives, that they will assist the Assignee in the prosecution of the application herein identified; in the making and prosecution of any other applications for Letters Patent that the Assignee may elect to make covering the invention herein identified, as herein before set forth, including any application for reissue, application for reexamination, application for foreign patent rights, or any proceeding in the United States Patent and Trademark Office affecting the invention, investing in the Assignee exclusive title in and to all such other applications and Letters Patent; and in the prosecution of any interference which may arise involving said invention, or any application or Letters Patents herein contemplated; that they will promptly
