PATENT SECURITY AGREEMENT

Patent Security Agreement (this "Agreement") dated as of May 21, 2012 by and between The Vollrath Company, L.L.C., a Wisconsin limited liability company (the "Grantor"), having its chief executive office at 1236 North 18th Street, Sheboygan, Wisconsin 53082, and WELLS FARGO BANK, NATIONAL ASSOCIATION, a national banking association, as Administrative Agent (the "Administrative Agent"), with offices at 1525 West W.T. Harris Blvd., Charlotte, North Carolina 28262, for the ratable benefit of the Secured Parties.

This Agreement is executed pursuant to the terms of (a) the Credit Agreement dated as of May 21, 2012 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement") by and among the Grantor and PW Acquisition, L.L.C., a Wisconsin limited liability company, as the borrowers, the Lenders who are or may become party thereto and the Administrative Agent and (b) the Collateral Agreement dated as of May 21, 2012 (as amended, restated, supplemented or otherwise modified from time to time, the "Collateral Agreement") executed by the Credit Parties (including, without limitation, the Grantor) in favor of the Administrative Agent, for the ratable benefit of the Secured Parties. Capitalized terms used herein but not defined herein shall have the meaning assigned to them in the Credit Agreement or the Collateral Agreement, as applicable.

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, the Grantor hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in all of the Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter arising or acquired:

- (i) all Patents and patent applications, including, without limitation, each Patent listed on Schedule A;
- (ii) each Patent License, including, without limitation, each Patent License listed on Schedule B;
- (iii) all claims by the Grantor against third parties for (a) past, present or future infringement of any Patent, including, without limitation, any Patent listed on Schedule A or under any Patent licensed under any Patent License including, without limitation, any Patent License listed on Schedule B, or (b) breach or enforcement of any Patent License; and
- (iv) all products and proceeds of the foregoing.

Provided, however, that the security interests granted herein shall not extend to any Patent License or any rights thereunder where Grantor is a licensee to the extent that the granting of a security interest therein would, under the express terms of such license, be prohibited or restricted or result in a breach of the terms of, constitute a default under, or result in a termination of any such license or any related agreement.

The rights and remedies of the Administrative Agent with respect to the security interest granted herein are without prejudice to, and are in addition to, those set forth in the Collateral Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Agreement are deemed to conflict with the Collateral Agreement, the provisions of the Collateral Agreement shall govern.
