RECITALS

Whereas, Inventor has invented a certain new and useful design for A Cosmetic Applicator Tip, the design being described in and identified by an application for Design Patent of the United States, filed: May 4, 2012, Application No. 29420075. A copy of such application is attached to this assignment as Exhibit A and incorporated by this reference.

Whereas, Assignee desires to acquire the entire right, title, and interest in the application and the invention and design patent on the same when granted in the United States and foreign countries.

SECTION ONE. ASSIGNMENT

Now, therefore, in consideration of employment and for good and valuable consideration received by Inventor from Assignee, the receipt of which is acknowledged, inventor assigns to assignee the entire right, title, and interest in the application and the invention and design and in any improvements on the design previously or in the future made or acquired by inventor and in any and all patents on the design or the improvements that may be granted in the United States or any foreign country, including each patent granted on any application which is a substitution or continuation of the application specifically identified in this assignment, and in each extension of the patent. Inventor hereby grants to assignee the right to own and prosecute such applications, and to own and maintain the resulting patents. Inventor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any said patent or patents to said Assignee, of the entire right, title, and interest in and to the same, for his sole use and behoof; and for the use and behoof of his legal representatives, to the full end of the term for which said patent or patents may be granted, as fully and entirely as the same would have been held by me had this assignment and sale not been made.

SECTION TWO. COOPERATION

Inventor agrees to cooperate with Assignee such that Assignee may enjoy to the fullest extent the rights conveyed under this assignment. Such duty includes prompt execution of all papers that are deemed necessary or desirable by assignee to perfect the conveyed rights. In addition, included within the scope of this duty is cooperation in such proceedings involving the United States and foreign applications and patents as opposition, cancellation proceedings, priority contests, interferences, public use proceedings, court actions, and the like.

SECTION THREE. INVENTOR'S WARRANTY

Inventor warrants and represents that she has the authority to enter this agreement, and she has not entered into any assignment, contract, or understanding in conflict with this assignment.

SECTION FOUR. SUCCESSORS AND ASSIGNS

The terms, covenants, and provisions of this assignment shall inure to the benefit of assignee, its successors, assigns and other legal representatives, and shall be binding on inventor, her heirs, legal representatives and assigns.

SECTION FIVE. NO IMPLIED WAIVER

No failure or delay on the part of the parties hereto to exercise any right, power, or privilege hereunder or under any instrument executed pursuant hereto shall operate as a waiver nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise thereof or the exercise of any other right, power, or privilege.

SECTION SIX. SEVERABILITY

Should any part of this Agreement be rendered or declared invalid, such invalidation of such part or portion of this Agreement should not invalidate the remaining portions thereof, and they shall remain in full force and effect.

To All Of Whom It May Concern:

Be it known that we have invented a new, original and ornamental design a Cosmetic
Applicator Tip of which the following is a specification, reference being made to the
5 accompanying drawings forming a part hereof. The claimed Cosmetic Applicator Tip has a
shape suggestive of a star fruit.

Figure 1 is a perspective view of a Cosmetic Applicator Tip before finished by the addition
of flocking.

10 Figure 2 is a right side view and a left side view of a Cosmetic Applicator Tip before finished
by the addition of flocking.

Figure 3 is a top view and a bottom view of a Cosmetic Applicator Tip before finished by
the addition of flocking.

Figure 4 is a front view of a Cosmetic Applicator Tip before finished by the addition of
15 flocking.

Figure 5 is a rear view of a Cosmetic Applicator Tip before finished by the addition of
flocking.

Figure 6 is a perspective view of a Cosmetic Applicator Tip after finished by the addition of
flocking.

20 Figure 7 is a right side view and a left side view of a Cosmetic Applicator Tip after finished
by the addition of flocking.

Figure 8 is a top view and a bottom view of a Cosmetic Applicator Tip after finished by the
addition of flocking.

Figure 9 is a front view of a Cosmetic Applicator Tip after finished by the addition of flocking.

Figure 10 is a rear view of a Cosmetic Applicator Tip after finished by the addition of flocking.

The invention claimed is:

The ornamental design for a Cosmetic Applicator Tip as shown and described.
