Assignment

In Consideration of the sum of One Euro (€1.00), and of other good and valuable consideration paid to the undersigned by the Assignee, Balder Optoelectronic Elements and Measuring Systems, Ltd., a corporation organized under the laws of Slovenia, and having its principal office and place of business at Teslova ulica 30, 1000 Ljubljana, Slovenia, receipt whereof is hereby acknowledged, the undersigned by these presents hereby sold, assigned, transferred and set over unto the said assignee the entire right, title and interest in and to the invention or improvement in

DRIVING SCHEME AND ELECTRONIC CIRCUITRY FOR THE LCD ELECTROOPTICAL SWITCHING ELEMENT

said invention being fully described and/or claimed in the application for Letters Patent of the United States of America, filed on April 25, 2001 and identified as United States patent application serial number 09/830,290 and subsequently issued as United States Patent No. 7,061,462 on June 13, 2006, in and for the United States and all foreign countries, the same to be held and enjoyed by said assignee, its successors, assigns or other legal representatives, to the full ends of the terms for which all Letters Patent therefor may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment and sale had not been made.

And Said Assignee is Hereby Authorized to make application for and to receive Letters Patent for said invention in any of said countries of its election.

And By This Covenant The Undersigned will execute or procure any further necessary assurance of title to said invention and Letters Patent; and at any time, upon the request and at the expense of said assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention or any Letters Patents which may be granted therefor in said Assignee, its successors, assigns or other legal representatives, and upon the request and at the expense of said assignee, will execute any additional or divisional applications for patents for said invention, or any part or parts thereof, and for the reissue of said Letters Patents to be granted therefor, and will make all rightful oaths and do all lawful acts requisite for procuring the same or for aiding therein without further compensation, but at the expense of said assignee, its successors, assigns or other legal representatives.

And The Commissioner of Patents is Hereby Authorized and Requested to issue any and all Letters Patents of the United States for said invention to said assignee.
