Agreement for Transfer of Patent and Future Improvements

This Agreement is made this 7th day of April, 2012, between Gregory A. Brenn (hereinafter called the Transferor), and Brennform LLC, (hereinafter called the Transferee).

Whereas, the Transferor is the sole owner of United States Letters Patent No. US 6,401,286 BI which issued on June 11, 2002, for an invention entitled Bridge Deck Construction Forms;

Whereas, the Transferee wishes to acquire said patent and any improvements thereon;

Now, therefore, it is agreed as follows:

1. **Sale.** The Transferor shall transfer to the Transferee the whole and entire right, title, and interest in and to the invention and to its accompanying United States Letters Patent No. US 6,401,286 BI in exchange for a twenty-percent (20%) economic interest in Brennform LLC. A ten-percent (10%) economic interest is granted to Gregory Brenn and a ten-percent (10%) economic interest is granted to Susan Brenn respectively. The two ten-percent (10%) interests given to Gregory and Susan Brenn constitute economic interests only and do not entitle them to be voting members in Brennform LLC.

2. **Improvements.** If the Transferor shall at any time hereafter make or discover any improvements relating to said invention the practice of which improvements would infringe upon one or more claims of said United States Letters Patent No. US 6,401,286 BI, the Transferor shall forthwith disclose to the Transferee full details of said improvements and said improvements shall be the sole and absolute property of the Transferee. Transferor shall, if requested, sign any and all documents at no expense to Transferor and do and execute all acts, things and instruments necessary for obtaining Letters Patent on said improvements and for vesting title in and to said Letters Patent in the Transferee as absolute owner.

3. **Assignment of Patent.** In consideration of the 20% economic interest in Brennform LLC (ten-percent (10%) economic interest to Gregory Brenn and ten-percent (10%) economic interest to Susan Brenn) the receipt whereof is acknowledged the transferor does assign and transfer unto said buyer the entire right, title, and interest in and to the aforesaid Patent; the same to be held and enjoyed by the transferee for his use and benefit, and for his legal representatives and assigns, to the end of the full term for which said Patent is granted, as fully and entirely as the same would have been held by the transferor had the assignment and sale not been made.

4. **Recording of Patent.** Transferor agrees to cooperate with Transferee in the executing and recording the document attached as Exhibit A, which is necessary to record the transfer of the patent with the United States Patent Office.

In Witness Whereof, the parties have caused this Agreement to be executed effective the date first written above.
