ASSIGNMENT
CATLOW, INC US PATENT RIGHTS
TO VEEDER-ROOT LLC

WHEREAS, Catlow, Inc, a corporation organized and existing under the laws of the State of Ohio, hereinafter called the "Assignor", is the owner of all right, title and interest in the patents and the patent application set forth in Attachment 1 hereto;

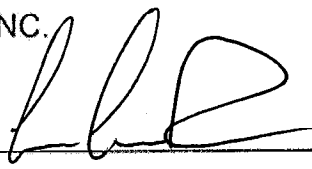

WHEREAS, Veeder-Root LLC, a limited liability company organized and existing under the laws of the State of Delaware, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the patents and the patent application identified above, and all patents which may be obtained for said patent application, as set forth below:

NOW, THEREFORE, as part of the Assignee's purchase of the operating business assets of the Assignor, the Assignor has sold, assigned and transferred, and by these presents does hereby sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in and to the patents and the patent application identified above, and any patents that may issue for said patent application in the United States; together with the entire right, title and interest in and to all continuations, divisions, renewals, reexaminations and extensions of any of the patents and the patent application defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the terms for all such patents.

The United States Commissioner of Patents and Trademarks is hereby authorized and requested to record Assignor's ownership interests in these patents and patent application in accordance with the terms of this Assignment agreement.

IN TESTIMONY WHEREOF, the Assignors have executed this agreement.
