OP \$80.00 13199111

ASSIGNMENT

I, Rodney Sparks, in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration paid to the undersigned, agree to assign, and hereby do assign, transfer and set over to Stem Cell Partners, LLC, whose address is 1163 7th Avenue, Sacramento, CA 95818, the entire right, title and interest in and to the inventions known as: CENTRIFUGE AND SEPARATION VESSEL THEREFORE, for which an application for patent in the United States Patent and Trademark Office has been filed on August 19, 2011 and received Application No. 13/199,111; and METHOD FOR SEPARATING A SAMPLE INTO DENSITY SPECIFIC FRACTIONS, for which an application for patent in the United States Patent and Trademark Office has been filed on August 19, 2011 and received Application No. 13/199,119.

1) The undersigned agrees to execute all papers necessary in connection with each application to protect the invention, and any continuing or divisional applications thereof, and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

2) The undersigned agrees to execute all papers necessary in connection with any interference which may be declared concerning any application relating to the invention, or any continuation or division thereof, and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with any such interference.

3) The undersigned agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

4) The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks, and all equivalent foreign officials, to assign any and all Letters Patent resulting from said application or any divisions or continuing applications thereof to the Assignee, as Assignee of the entire interest, and hereby covenant that Assignor has full right to convey the entire interest herein assigned, and that Assignor has not executed, and will not execute, any agreement in conflict herewith.

5) The undersigned agrees to perform all affirmative acts which may be necessary to obtain a grant of valid patents to the Assignee relating to the invention.

6) The undersigned hereby grants the Assignee and its duly authorized representatives the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and any equivalent foreign office, for recordation of this document.
