The Assignee, MedicineLodge, Inc. dba IMDS Co-Innovation and its affiliated companies, having a principal place of business at 124 South 600 West, Logan Utah, desires to secure its rights, title and interest in said invention.

In consideration of value paid or granted to us by the Assignee pursuant to our individual agreements with the Assignee and any ongoing compensation paid to us by the Assignee for our "at will" employment, the receipt and sufficiency of which we hereby acknowledge,

EFFECTIVE DECEMBER 16, 2011, WE HEREBY ASSIGN TO THE ASSIGNEE:

the entire right, title and interest held by us in said invention and in the above-identified United States patent application and in all provisionals, non-provisional, divisions, continuations and continuations-in-part of said application, or reissues or extensions of letters patent or patents granted thereon, in all corresponding applications filed under the Patent Cooperation Treaty ("PCT"), and in all corresponding applications filed in any countries, territories, or jurisdictions worldwide, and in all patents issuing thereon in the United States and in any countries, territories, and jurisdictions worldwide; and

the right to file PCT or foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

We hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries, territories, and jurisdictions worldwide as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of all rights, title and interest in and to said inventions, for the sole use and benefit of Assignee, its successors, assigns and legal representatives.

We hereby authorize and request such Patent Office officials affiliated with the International Bureau of WIPO and duly authorized under the PCT to prosecute any PCT application on said inventions for the benefit of the Assignee as the owner of all rights, title, and interests in and to said inventions, for the sole use and benefit of Assignee, its successors, assigns and legal representatives.

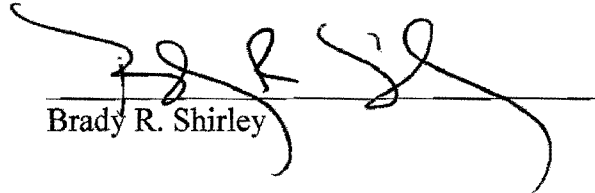

We hereby agree, without further consideration and without expense to us, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of us to make this assignment fully effective, including, by way of example but not of limitation, the following:

prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications; and

cooperation to the best of our ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon each of our individual heirs and legal representatives.
