DESIGN PATENT ASSIGNMENT

WHEREAS, Brian Morrison, an individual currently residing at 1872 South Bayshore Lane, Miami, Florida 33133 (hereinafter "Assignor") is the sole and exclusive owner in and to United States Design Patent Application Serial No. 29/403,662, filed October 10, 2011, entitled "COMBINATION DISPENSER AND ADVERTISING DISPLAY" (the "Patent Application") and the ornamental design described and claimed therein (the "Design"); and

WHEREAS, Terraboost Media, LLC, a Delaware limited liability company, having a place of business at 3109 Grand Avenue #300, Miami, Florida 33133 (hereinafter "Assignee"), is desirous of acquiring all right, title and interest in, to and under the Design, the Patent Application and, any and all patents issuing on the Patent Application.

NOW, THEREFORE, in consideration of the sum of ten dollars (\$10.00) and other good and valuable consideration, the receipt, and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors and assigns, his entire worldwide right, title and interest in and to the Design, the Patent Application, and any and all patents issuing on or claiming any right of priority to the Patent Application including without limitation any and all divisionals, continuations, continuations-in-part, re-exams, re-issues and extensions thereof which may be filed at any time, including all right, title and interest in and to any and all improvements to the Design described in and covered by the Patent Application and any and all other inventions or improvements disclosed in the Patent Application; and all right, title and interest in and to any counterparts or legal equivalents of the Patent Application in any foreign country or region, including the right to claim priority under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperative Union, European Patent Convention, Common Market

Convention, or any other Convention or Union for each country of said Convention or Union; and all rights of priority resulting from the filing of the Patent Application, the same to be held and enjoyed by Assignee, its successors and assigns, for its own use and enjoyment, to the end of the term or terms of such patent as may be granted on the Patent Application or on any other application claiming any right of priority to the Patent Application, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; together with and including without limitation any and all claims for damages by reason of past infringement of any such patent, with the right to sue for and collect the same for the sole and exclusive use and enjoyment of Assignee, its successors and assigns.

AND, FURTHER, Assignor hereby authorizes and requests any official whose duty it is to issue patents to issue any and all patents on the Invention or resulting from the Patent Application, or any divisions, continuations, continuations-in-part, or re-issues thereof to Assignee, as assignee of the entire interest, and hereby covenants that he has full right to convey his entire interest herein assigned, and that he has not executed, and will not execute, any agreements inconsistent herewith.

[INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, Assignor has caused this Patent Assignment to be executed on this 6 day of June 2012.
