ASSIGNMENT

IN CONSIDERATION OF payments made and obligations assumed under other agreements between the employer (Hema-Quebec) of the first three individuals listed below (Louis Thibault; Annie Beauséjour; Mario Tremblay) and TCP Reliable, Inc., the employer or the parent company of the employer of the last four individuals listed below (Maurice Barakat; Klaus Haarmann; Anthony Alleva; Serghe Lapointe), and for other good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned (hereinafter referred to as "Assignors"), do hereby assign, sell, grant, and convey to TCP Reliable, Inc., having a place of business at 551 Raritan Center Parkway, Edison New Jersey (hereinafter, the "Assignee"), and to its successors and assigns, Assignor's entire right, title and interest throughout the world in and to:

1. The inventions described and claimed in US Patent Application Serial No. 13/274,593, filed Oct. 17, 2011, entitled "RAPID COOLING TO AND MAINTAINING OF WHOLE BLOOD AT 20 to 24°C FOR PROCESSING";

2. All U.S., Canadian, European and international counterpart patent applications relating to said Inventions, including the Patent Application listed above;

3. All applications for patent or like protection grants on said Inventions that have now been or may in the future be made, whether in the United States of America or in any other country or jurisdiction; and all patents issuing from such applications for patent or like protection grants;

4. All continuations, divisions and other patent applications claiming priority to the U.S. Applications noted in paragraph 1, or to any provisional patent applications the U.S. Applications noted in paragraph 1 claim priority to, or any other patent applications listed in paragraphs 2 or 3, or any substitutions, renewals, reissues, extensions, and the like of said applications and patents and like protection grants, including without limitation, those obtained or permissible under past, present and future laws, treaties and statutes;

5. All rights of action on account of past, present and future unauthorized use of said Inventions and for infringement of said patents and like protection grants;

6. The right to Assignee to file, as appropriate, in its name or in Assignor's name, applications for patents and like protection grants for said Inventions in any country or jurisdiction; and

7. Assignors covenant that the Assignors, and their heirs, legal representatives, assigns, administrators, and executors will, at the expense of Assignee, its successors and assigns, execute all papers and perform such other acts as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment, including assisting in filing, prosecuting, enforcing or defending the above-identified patents and patent applications, including the right to bring an enforcement

action or other proceeding in the name of Assignors, or join Assignors as parties in any such action.

BEFORE ME, the undersigned authority, on this day did personally appear the person named below, known to me to be the person whose name is subscribed to the foregoing instrument, and he acknowledged to me that he executed the same for the purposes and consideration therein expressed.
