ASSIGNMENT

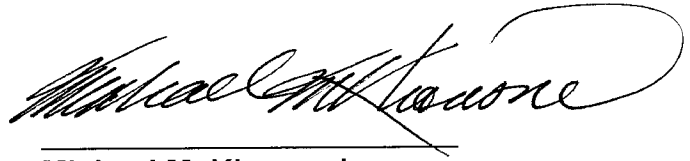

WHEREAS we, Michael M. Khonsari, Mehdi Naderi Abadi, and Mehdi Amiri Darehbidi, the below-named inventors whose addresses and citizenships are as stated below next to our names, have made an invention in "Fracture Fatigue Entropy Determination," which invention is the subject of patent application 12/898,100, filed October 5, 2010, and which claims the benefit of the priority of provisional application serial number 61/248,522, filed October 5, 2009;

Now, therefore, for good and valuable consideration, receipt of which is acknowledged, we have agreed to assign and transfer and do hereby assign and transfer unto the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, its successors and assigns, our entire right, title, and interest in and to the said invention and patent application; and in and to any division or continuation of the above said patent application; and in and to the said provisional application; and in and to any and all Letters Patent and reissues and extensions thereof, of the United States of America and of all other countries, including the right to apply for Letters Patent in any country in its own name, and to claim any priority rights for such applications to which such applications are entitled under international conventions, treaties, or otherwise; including our right to claim priority from United States provisional patent application serial number 61/248,522, filed October 5, 2009, which have been or may be granted on any of the foregoing, to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made.

We further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such acts as we lawfully may, that may be deemed necessary by the said Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, its successors, assigns, and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;

And we hereby authorize the Director of the United States Patent and Trademark Office, and any foreign counterpart to the Director, to issue any and all Letters Patent that may be granted upon any of the said applications, to the said Board of Supervisors of Louisiana State University and Agricultural and Mechanical College as the assignee of the entire interest therein.

In witness whereof, we have hereunto signed our names on the date(s) set forth below.
