1. Assignor represents that it is an owner of the inventions and improvements which are subject of the Patents and Patent Application(s) listed on the attached table, and all related foreign and domestic patents, patent applications, provisionals, divisionals, continuations, continuations-in-part, reissues, re-examinations, certificates of invention, and the like that may issue from or which derive priority from the listed Patent(s) and Patent Application(s) (all of which are collectively referred to as the "Patent Rights"). Assignor represents that Assignor has the full right to convey the interest assigned by this Assignment, and that Assignor has not executed and will not execute any agreement in conflict with this Assignment.
2. Assignor hereby assigns to Assignee the entire worldwide right, title, and interest in and to the Patent Rights, and acknowledges receipt of fair and adequate consideration for such Assignment.
3. Assignor hereby assigns to Assignee all the Assignor's right, title, and interest in and to any claims (known or unknown, suspected or unsuspected) of any nature that Assignor has or may have against any party for infringement of the Patent Rights, and acknowledges receipt of fair and adequate consideration for such Assignment.
4. Assignor hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patent of the United States resulting from any patent application within the Patent Rights to Assignee, as the Assignee of the entire interest therein.

5. Assignor grants to Assignee the power to insert on the Assignment any further identification or information relating to the above-indicated Patent Application which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

6. This agreement is binding upon and inures to the benefit of the successors and assigns of the parties.
