ASSIGNMENT

I the undersigned, hereinafter referred to as "Assignor", have made an invention entitled **Disc Brake Locks**. Example embodiments of said invention are disclosed in a United States patent application which:

- is executed concurrently herewith for filing in the United States Patent and Trademark Office and has been assigned Application Serial No _____, with a filing date of _____.
- was previously filed in the United States Patent and Trademark Office on May 12, 2010, as Application Serial No. 12/669,458.
- is a United States National Application of PCT International Application No. _____, filed _____.

The Assignee, XENA IP HOLDINGS LIMITED, having a principal place of business at Akara Building, 24 De Castro Street, Wickhams Cay 1, Road Town, Tortola, British Virgin Islands, desires to secure the entire right, title and interest in said invention and the patent application filed thereon.

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to Assignor by the Assignee, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR HEREBY IRREVOCABLY ASSIGNS TO THE ASSIGNEE:

The entire right, title and interest in said invention, in the above-identified United States patent application, in all other applications for said invention, whether or not claiming priority to the above-identified United States patent application, including, but not limited to, all divisions, continuations and continuations-in-part of said other applications for said invention, in all reissues and extensions of Letters Patent or Patents granted on said other applications for invention, in all corresponding applications for said invention filed in countries foreign to the United States, whether or not claiming priority to the above-identified United

States patent application, and in all patents issuing on such corresponding applications for said invention in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

Assignor hereby authorizes and requests the United States Commissioner for Patents, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behoof of the Assignee, its successors, assigns and legal representatives.

Assignor hereby agrees, without further consideration and without expense to Assignee, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of Assignor to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of the Assignor's ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon Assignor's heirs and legal representatives.
