together with the causes of action (whether known or unknown or whether currently pending, filed, or otherwise) and other enforcement rights with respect to the Patents, including, without limitation, causes of action and other enforcement rights for (i) damages, (ii) injunctive relief, and (iii) any other remedies of any kind, for past, current, and future infringement of any such patents, including royalties and other payments, except for any such causes of action and other enforcement rights against Assignor or any other person or entity that, on or before the Effective Date, is controlling, controlled by, or under common control with Assignor (such other person or entity, an "*Affiliate*"), or with respect to any of Assignor's or any Affiliate's products, services, or processes, arising from, or relating to, any activities occurring prior to the Effective Date.

For further clarity, the Patents are sold, assigned, transferred, and conveyed pursuant to this Assignment of Patent Rights subject to the non-exclusive licenses, sublicenses, and other similar agreements relating to any of the Patents and disclosed in the APA.

Assignor hereby authorizes the respective patent office or governmental agency in each applicable jurisdiction to issue any and all patents, certificates of invention or other similar governmental grants or issuances that may be granted for any of the Patents in the name of Assignee, as the assignee.

This Assignment of Patent Rights is binding upon Assignor and its successors, and inures to the benefit of Assignee and any subsequent assigns of the Patents.

IN WITNESS WHEREOF, Assignor has caused its duly authorized representative to execute this Assignment of Patent Rights as of this 22nd day of June, 2012 ("*Effective Date*").
