CONFIRMATION OF PATENT AND TRADEMARK ASSIGNMENT

WHEREAS, Med-Venture Investments, LLC (hereinafter "ASSIGNOR"), a California limited liability company, has assigned to Nobles Medical Technologies, Inc. (hereinafter "ASSIGNEE"), a Delaware corporation, the entire right, title, and interest to certain intellectual property assets defined below and hereinafter referred to as the "Intellectual Property", including, but not limited to, those assets identified in Schedules A and B, as set forth in the Asset Purchase Agreement dated August 1, 2009 between ASSIGNOR and ASSIGNEE;

AND WHEREAS, it is desired, by this Memorandum, to confirm the assignment of the Intellectual Property to ASSIGNEE:

NOW, THEREFORE, ASSIGNOR hereby confirms and acknowledges that, for good and valuable consideration, the receipt of which is hereby acknowledged, it has sold, assigned, transferred, conveyed and delivered to ASSIGNEE all right, title and interest to the following "Intellectual Property":

(i) all patents and patent applications, domestic or foreign, as described in Schedule A hereto, all licenses relating to any of the foregoing and all income and royalties with respect to any licenses, all rights to sue for past, present or future infringement thereof, all rights arising therefrom and pertaining thereto and all reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof;

(ii) all state (including common law), federal and foreign trademarks, service marks and trade names, URLs and domain names, and applications for registration of such trademarks, service marks and trade names, URLs and domain names, as described in Schedule B hereto, all licenses relating to any of the foregoing and all income and royalties with respect to any licenses, whether registered or unregistered and whenever registered, all rights to sue for past, present or future infringement or uncontested use thereof, all rights arising therefrom and pertaining thereto and all reissues, extensions and renewals thereof; and

(iii) the entire goodwill of or associated with the businesses connected with and symbolized by any of the aforementioned properties and assets.

AND ASSIGNOR hereby sells, assigns, transfers, conveys and delivers to ASSIGNEE all claims for damages and all remedies arising out of any violation of any and all rights assigned hereby that may have accrued prior to the date of assignment to ASSIGNEE, or may accrue hereafter, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of said Intellectual Property before or after issuance.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 2 day of MARCH, 2010.
