ASSIGNMENT BY INVENTORS

THIS ASSIGNMENT OF RIGHTS is made by Jason Stone, residing at 237 Cuesta Drive, South San Francisco, CA 94080; Albert Shane, residing at 1635 Arch Street, Berkeley, CA 94709; and Peter Privitera, residing at 1977 McAllister Street, San Francisco, CA 94115, hereinafter referred to as Assignors;

WHEREAS, Assignors have invented new, original ornamental designs (hereinafter referred to collectively as “the inventions”), as described and shown in the drawings of five U.S. Design Patent Applications for Letters Patent, all filed in the United States Patent Office on July 9, 2012, and identified by application number, filing date and title in attached Schedule A; and

WHEREAS, Adept Technology, Inc., a Corporation having its principal place of business at 5960 Inglewood Drive, Pleasanton, CA 94588 (hereinafter referred to as Assignee), intends to acquire, and Assignors intend to sell and assign, the entire right, title and interest in and to the inventions, as well as any and all improvements, modifications and/or enhancements to the inventions that are conceived and/or reduced to practice by Assignors, and the entire right, title and interest in and to said U.S. Design Patent Applications for Letters Patent, as well as any and all Letters Patent or design registrations applied for and/or obtained therefore and thereon, in any region, country, state or territory of the world;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignors have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, as well as any and all improvements, modifications and/or enhancements to the inventions that are conceived and/or reduced to practice by Assignors, and the entire right, title and interest in and to the U.S. Design Patent Applications indicated in Schedule A, and in and to any and all direct and indirect regional and national patent applications, any and all divisions, continuations and continuations-in-part of said regional and national patent applications, and any and all Letters Patent or design registrations in the United States and all foreign countries which may be granted therefore and thereon, and reissues, reexaminations and

extensions of said Letters Patent or design registrations, and all rights under the International Convention for the Protection of Industrial Property, the Hague Agreement Concerning the Registration of Industrial Designs and the same to be held and enjoyed by Assignee, for its own use and benefit and the use and benefit of its successors, legal representatives and assigns, to the full end of the term or terms for which Letters Patent or design registrations may be granted and/or extended, as fully and entirely as the same would have been held and enjoyed by Assignors, had this sale and assignment not been made.

AND for the same consideration, Assignors hereby represent and warrant to Assignee, its successors, legal representatives and assigns, that, at the time of execution and delivery of these presents, except for any rights, titles and/or interests that have arisen to Assignee under law or that have already been transferred to Assignee, Assignors are the sole and lawful owners of the entire right, title and interest in and to the said inventions and applications for Letters Patent outlined in Schedule A, and that the same are unencumbered and that Assignors have good and full right and lawful authority to sell and convey the same in the manner herein set forth.

AND for the same consideration, Assignors hereby covenant and agree to and with Assignee, its successors, legal representatives and assigns, that Assignors will sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of any Letters Patent and applications for Letters Patent for said inventions, without charge to Assignee, its successors, legal representatives and assigns, whenever counsel of Assignee, or counsel of its successors, legal representatives and assigns, shall advise: that any proceeding in connection with said inventions, or said applications for Letters Patent, or any proceeding in connection with any Letters Patent or applications for Letters Patent or design registration for said inventions in any country, including but not limited to interference proceedings, is lawful and desirable; or, that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue, reexamination or extension of any Letters Patent or registered design, to be obtained thereon, is lawful and desirable.

AND Assignors hereby grant the following individuals the power to insert on this Assignment any filing dates, patent application numbers and titles, and any other patent or patent

application identification information which may be necessary or desirable in order to perfect Assignee's rights, title and interest in and to said patent applications in accordance with the rules and regulations of the United States Patent and Trademark Office and/or any other patent office or registered design authority for any region, country, state or territory of the world:

Individual	Registration No.
