Assignment

Whereas I, Jason Wilson, hereinafter referred to as the applicant, have invented certain new and useful improvements in "Preemptive Notification of Patient Fall Risk Condition" which is the subject of United States Patent Application number 13/551,540, and

Whereas, Globestar Systems, Inc. located in Toronto Ontario, Canada, herein referred to as the "assignee", is desirous of acquiring the entire right, title and interest in the same;

Now, therefore, for valuable consideration furnished by Globestar Systems to me, receipt and sufficiency of which I hereby acknowledge, I, the applicant, by these presents do sell, assign and transfer unto said assignees the full and exclusive right to the said invention in the United States and the entire rights, title and interest in and to any and all Patents which may be granted therefore in the United States. We hereby authorize and request the Director of the U.S. Patent and Trademark Office to issue said United States Patent to said assignee, of the entire right, title, and interest in and to the same, for their sole use and behoof; and for the use and behoof of their legal representatives, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would be held by us had this assignment and sale not been made.
