ASSIGNMENT

For valuable consideration, I, **LARRY NICHOLSON** of Oceanside, California, and a citizen of the United States of America (hereinafter referred to as "Assignor"), hereby assign to **WATKINS MANUFACTURING CORPORATION**, a corporation organized and existing under and by the virtue of the laws of the State of California, and having a place of business located at **1280 Park Center Drive, Vista, California 92081**, and its successors and assigns (hereinafter called "the Assignee"), the entire right, title, and interest throughout the world in the inventions and improvements which are the subject of, or disclosed in, United States Utility Patent Application, Serial Number 13/527,014, filed June 19, 2012, entitled "**Portable Spa Monitoring And Control Circuitry**" and any and all related applications and patents, this assignment including said applications, any and all United States and foreign patents granted for any of said inventions or improvements, including all divisions, continuations, reissues, continuations-in-part and extensions thereof, and the right to claim priority based on the filing dates of said applications and based on the filing date of any provisional and other application of which said applications claim the benefit under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in all countries in our names or in its own name for patents and like rights of exclusion and for inventor's certificates for said inventions and improvements; and we agree for ourselves and our heirs, legal representatives and assigns, without further compensation, upon request to perform such lawful acts as may be necessary to assist in filing or prosecuting any such application, to promptly provide Assignee with all pertinent facts and documents relating to said invention or application as may be known and accessible to us, to testify in any interference or litigation related to said invention or application and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonably request to effectuate fully this Assignment.

Assignor hereby further covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.

WITNESS my hand at Vista, Ca., this
26 day of JUNE 2012.
